276. What are the advantages or disadvantages of using LaTeX for writing scientific publications
277. Can I add non-cited reference to bibliography?
278. How early should one request a letter of recommendation for graduate school?
279. Why do students go for a PhD even when chances of getting academic jobs on its completion are slim?
280. How to organize my papers and notes from the beginning of my PhD?
281. What address to put in bibliography for Springer (and others)?
282. What is the proper way for an abbreviation of assistant professor?
283. PhD without previous academic degree: truth or myth?
284. Should I still use "Dear Prof." to begin an email to a professor that I know?
285. What to wear for a PhD/ MSc thesis defense?
286. Doing research outside of academia, without a PhD?
287. When to get a doctors note if I might have to miss an exam?
288. Use of first person in a PhD Thesis
289. How to write a brief author biography for a journal article?
290. How to deal with arrogant e-mail of a student
291. How to cite Kindle books/ebooks when no fixed page numbers are available?
292. How do I ask a professor for a summer research project?
293. Our teacher is encouraging us to use cracked software
294. What does delegate registration mean in a conference?
295. What percentage of PhD theses are rejected nowadays?
296. Are TED presentations academically credible?
297. How do employers verify academic transcripts?
298. How does the college course 101 numbering system work?
299. Is it acceptable to write a reference letter for yourself?
300. How should an advisor handle an underperforming PhD student?
301. Is it self-plagiarism to reuse my own unpublished material?
302. How to convert german undergrad grade to US GPA
303. How to know whether a journal is indexed by Thomson Reuters or Scopus?

304. What does "reject and resubmit" mean?
305. Is it appropriate to say "hi" to a professor in email?
306. Is it common and acceptable for a postdoc to leave before contract ends?
307. Importance of GPA and GRE scores for grad school admissions
308. Is it acceptable to round up my GPA on my resume?
309. Rejecting a PhD offer after having accepted it. Advice?
310. How to quickly get complete list of citations to all my papers?
311. What is difference between PhD and Postdoc?
312. If I have a low GPA in undergrad, and want to get into top PhD programs, should I do an MS degree or redo my undergrad degree?
313. I wasted six years of my life getting a PhD degree. What should I do, and how will I survive?
314. Answer to "Will you be able to provide proof of your identity and employment eligibility if you are hired"?
315. Is it ethical/acceptable to give a lighter penalty to students who admit to cheating?
316. Is the Nature publishing group's "Scientific Reports" journal well regarded?
317. Can I be admitted into a PhD program with non-thesis MS degree?
318. How to avoid being falsely accused of harassment by a student?
319. Why do people sometimes put authors with equal contribution in non-alphabetical order?
320. What is the value of a Coursera certificate?
321. How do I get published in Nature or Science?
322. What is the difference between a plenary and a keynote talk?
323. Download full journals from IEEE as pdf (ebook)
324. Have I embarrassed my supervisors by solving a problem that a PhD student in my group was working on without success?
325. Falsely accused of cheating in college
326. Is use of the word "via" appropriate in an academic essay?
327. Indicate Journal name for "under review" and "accepted/in press" publications on CV
328. A student forgot to answer an exam question
329. What are the advantages and disadvantages of doing a postdoc in Singapore and UK?

330. How good do I actually have to be to get into a top graduate program from an average undergraduate program?
331. What's a "methodological approach" for research (Master's thesis)?
332. How to thank someone who proofread my scientific paper?
333. What to say to a student who has failed?
334. Is it common to refer to someone as "Prof. Dr. [LastName]"?
335. Net salary for PhD in German university
336. What should be included when inquiring about the status of my application?
337. How to address a doctoral candidate who is ABD (All but Dissertation)? Is "Dr" appropriate?
338. University rank/stature - How much does it affect one's career post-Ph.D?
339. Should I disclose academic misconduct on a grad application?
340. Why do American colleges and universities have sports teams?
341. How to write a survey paper?
342. What part-time jobs are suitable for PhD students?
343. Can I, as a reviewer, tell authors to get a native English speaker to proofread their paper?
344. Is Academia.edu useful?
345. Grades are too high for the department - what should I do?
346. What are some good questions to ask current graduate students when visiting schools?
347. How to effectively deal with Imposter Syndrome and feelings of inadequacy: "I've somehow convinced everyone that I'm actually good at this"
348. M1 vs M2 in France: In the French system, which one is designed for those interested in Academia, M1 or M2?
349. Quoting a typo: Do I really have to do "sic", or can I just fix the sentence?
350. Can I claim to have completed my degree on my résumé, prior to convocating and receiving the physical diploma?
351. Can I add a baby as a co-author of a scientific paper, to protest against co-authors who haven't made any contribution?
352. What does "restricted admission" mean in German universities?
353. Are there differences between SM, MS, MSc, MSci degrees?
354. What do AHRS, EHRS, QHRS mean on a transcript?
355. How much revenue do academic authors make on their published books?

356. I received an allegation of academic misconduct from my university. What should I do?
357. What are the boundaries between draft, manuscript, preprint, paper, and article?
358. As a male student, did I say something wrong to this female professor?
359. European Ph.D. student salary range web site
360. How should I write a "Personal History Statement" - does a lack of "challenges" mean I cannot contribute to diversity?

387. How to describe a paper for which you have not yet submitted revisions in CV?

388. Is it OK to send email to journal asking for extension for a revision?

389. How to interpret Italian grades for a grad school application

390. In a yes/no question, a student gives the right answer and an unnecessary but wrong explanation. How to grade?

391. My professor gave me a bad grade and wouldn't discuss it further, I think some prejudice may be involved. How should a student proceed?

392. Does a masters degree help completing PhD sooner?

393. What is a good length for the statement of purpose in a U.S. PhD application?

394. Can I request the code behind a research paper from the author?

395. Sex worker student offering her (lawful) services

396. Should I send reminder to a professor in a school I applied to, for an introduction email I sent two weeks ago?

397. Ph.D. adviser or Ph.D. advisor?

398. What does "auditing a course" mean?

399. Should I call my adviser by her first name?

400. Just started a postdoc, but it went REALLY bad, REALLY fast. Stay or go?

401. What do you do when your best friend cheats and has become top 10 in class of 250?

402. Should I quit my PhD - workload, self-esteem and social life

403. How to ask for a letter of recommendation on a tight deadline, from professors I haven't spoken to in years?

404. Will I destroy my career if I published a paper with a serious mistake?

405. All Reviewers Assigned : Nature Communications revised manuscript: What does it means?

406. What does "Contribution to Knowledge" mean?

407. How to appropriately email a researcher to ask for details about their paper?

408. ResearchGate: an asset or a waste of time?
409. I (independently) solved a fellow student's research problem. I want to publish it. What should I do?
410. Asking for Recommendation Letters for Multiple Grad School Applications
411. What is the difference between "Hochschule" and "Universität/Technische Universität", especially for master degrees?
412. How to deal with failing a student?
413. How much are taxes for a postdoc in the United States?
414. Is it a good idea to contact professors before applying to grad schools?
415. How to proceed if a professor does not answer the request for letter of recommendation?
416. Useful strategies for answering "dumb" questions in a talk?
417. Professor gave me a higher grade than I deserved. What should I do?
418. How can I prove that I didn't plagiarize?
419. What's the correct way to cite a paper cited by another paper?
420. How can I prevent students from writing answers on an assignment, then claiming I didn't see their answer?
421. What to do about "grade grubbers?"
422. Software for extracting data from a graph without having to click on every single point?
423. What is the difference between a teaching assistant and an instructor?
424. References in Executive Summary?
425. How important are poster sessions in conferences?
426. How to list a paper in your CV when having 1000 co-authors?
427. What does "masters 2 level" mean?
428. What are the main differences between undergraduate, master's, and doctoral theses?
429. Should I say/write the n-word in a quote?
430. What should a regretful student who is caught plagiarizing do to move forward?
431. Difference between "referee" and "reviewer" in the context of journal manuscript review?
432. Average age to start a PhD and correlation to future career
433. Is it reasonable for a professor to ask students to stay 30-45 minutes past scheduled class time every week?

434. Difference between transactions and journal
435. What ratio of PhD graduates in STEM fields ultimately end up as (tenured) professors?
436. How to react professionally when you receive a complaint from a student
437. What are the differences between M.Sc, M.Tech and M.Eng.?
438. One of my postdocs elegantly solved a problem another postdoc had been working on for years. I have no idea how to navigate this delicate situation
439. How can I export my Google Scholar Library as a BibTeX format?
440. Writing a recommendation letter for a student I reported for academic dishonesty
441. In a formal paper, should I censor "brainf\*\*k", the name of a programming language?
442. "You are paid to answer my questions!" - how to handle silly questions?
443. Should a young professor avoid using dating apps?
444. What are acceptable "relationships with referees"?
445. How to approach a student with bad hygiene?
446. How many references should be included in the bibliography of a Master thesis?
447. How true is the stereotype that PhD graduates are overqualified?
448. What is exactly meant by "research experience" in grad application?
449. How to handle lecturer who doesn't let me use my phone?
450. Does two lines of copied code constitute plagiarism?
451. Is "no late work" a common policy?
452. Do Springer, IEEE, Elsevier charge a fee for non-open-access journals?
453. When is it appropriate to decline a review request?
454. Googling my name reveals silly things from when I was younger. I am embarrassed. How will this affect me in my future academic career?
455. How to write a research statement for a math postdoc position?
456. How do you answer "Oh, you're a professor? What do you teach?"
457. How to ask dumb questions
458. How to get permission from Google to use Google Scholar Data, if needed?
459. Should I share my horrible software?
460. How do I speak with my professor about my mental health?
461. How to find DOI for article in JSTOR?

- 462. How to penalize students who copy each other but don't realize they have plagiarized?
- 463. 150%, 1.5 times, 1.5x or 1.5-fold
- 464. What proportion of papers submitted to Nature are actually sent for review?
- 465. How to reply to an academic interview invitation?
- 466. Hourly rates for industry consulting?
- 467. Why can't friends or family members write recommendation letters for graduate admissions?
- 468. How to say "thank you" to a professor who has written a recommendation letter for me?
- 469. What date should I put on a paper that I hand in to my teacher?
- 470. How to address a knighted academic?
- 471. How are arXiv papers cited using IEEE citation style?
- 472. What is the point of a lecture when you have a textbook?
- 473. What to do when your student is convinced that he will be the next Einstein?
- 474. Should I e-mail my professor after completely blanking on my final exam?
- 475. What is the perception of students who take a gap year between their graduation and starting graduate school?
- 476. How to credit a photo taken by someone else in my publication?
- 477. How do I cite an unpublished work in my paper? which incidentally is my second submission to the same conference
- 478. How to prevent students from using modified calculators to cheat on exams?
- 479. Copyright date or publication date, which one should I cite?
- 480. Is it unreasonable to set assignment deadlines on Saturday/Sunday?
- 481. How to correct citations in Google Scholar?
- 482. Should definition of terms section be included in the introduction or the literature review chapter?
- 483. Is it possible to make leaving a PhD look good on a CV / Resume?
- 484. Why do people say you shouldn't do a PhD unless you want a career in research?
- 485. Is it better to have no publication than having you as second author?
- 486. How should instructors react when students bring (noisy) babies to class?
- 487. Can one really 'lose' old bad grades and get a fresh start?
- 488. Should I send professors money for illegally downloading their books?

489. Can co-first authors' positions be swapped in a CV?
490. What does "awaiting reviewer selection" really mean under the "minor revision" scenario?
491. PhD thesis without acknowledgements
492. How to politely decline the university medal?
493. What is a nice phrase to use instead of "ladies and gentlemen" to be more inclusive?
494. Why upload to academic preprint sites like arXiv?
495. May a man attend a workshop entitled "Young women in [domain]"?
496. I am uncomfortable about students taking pictures of the blackboard, because I don't like appearing in them
497. When should I reply "thanks" to a professor's email?
498. Writing a letter of recommendation for a mediocre student
499. What happens if you don't get tenure?
500. Is it legal to add your publications to ResearchGate?
501. Is it really necessary to have letterhead for recommendation letter from employer to apply for US universities?
502. How to reference studies mentioned in a paper without having to read the original papers?
503. What makes a MSc in Computer Science difficult for someone who has no specific background but 10 years of experience as a programmer?
504. Should I simply ignore it if authors assume that I'm male in their response to my review of their article?
505. How do I cite same reference multiple times in a paper?
506. How can I convince graduate students in China to not copy/paste from the Internet into their research papers?
507. How to phrase authors' contributions when the convention is that all team members are authors?
508. Is it ethical to tell my teaching assistant that I like him?
509. Can a lecturer force you to learn a specific programming syntax / language?
510. I am an editor for a lousy paper and I found a better algorithm than theirs. Must I share it with them?
511. Who to address on the cover letter?
512. Is it hard to start a PhD programme after leaving to work in industry?

513. Other students can easily cheat on a test and the grading system is relative - should I cheat, and what else can I do?
514. What should I do if I don't know the answer to a question posed by a student?
515. My PhD supervisor gave up on me
516. How to request a professor to let you into their class
517. Dealing with a PhD student reneging on an agreement to appear in social media
518. Is it okay for a professor to leave the classroom only 5 min past the class start if nobody has shown up?
519. What are the differences between these kinds of articles: original, review, letter, and short communication?
520. Any ethical problems with dating a former student?
521. Is it okay to view my recommendation letter once I've been accepted at a college?
522. Grant fraud, should I bust my PhD advisor?
523. How to silence the voice that tells you you're being financially irresponsible by spending 4 to 6 years doing a PhD?
524. How do I get into a Computer Science Masters without an undergrad in CS?
525. Accidentally addressed lecturer as Mrs instead of Ms
526. Does wearing a university t-shirt imply that the wearer is affiliated with the university?
527. What's the most efficient way to schedule a joint meeting with multiple faculties?
528. How can I deal with a lecturer ridiculing me in front of class for making a mistake?
529. How should I deal with very negative feedback from some students?
530. Points to consider when deciding whether to get married during a PhD
531. What should someone who has been rejected from all PhD programs do to improve their application for later admissions cycles?
532. Is it possible to write a masters thesis in 10 days?
533. How can I put my publications into Scopus?
534. Is it ethical to use past years' final exams that the professor hasn't explicitly given, to study for a final in the same class?
535. What is the difference between a school and a department?
536. Is 8:00 AM an unreasonable time to meet with my graduate students and post-doc?
537. Why do researchers sometimes use extremely complicated English sentences to convey their meaning?
538. Moral dilemma in unwittingly being paid to complete a student's work

- 539. Are professors' salaries a function of the amount of grant funding they obtain?
- 540. Lab colleague uses cracked software. Should I report it?
- 541. Why do many talented scientists write horrible software?
- 542. Difference between special issues and regular ones
- 543. Faculty position decision timeline
- 544. How does a graduate program's admissions committee operate?
- 545. Professor creates assignment making students advocate for a bill being presented to Congress. Is this legal?
- 546. Should I waive my right to view my recommendation letters?
- 547. Talks vs. poster presentations: Which is better for advertising your research and building research networks?
- 548. How to deal with an inappropriate greeting in an email?
- 549. How to check whether a journal is still listed in Scopus?
- 550. How can I find out if someone really holds a doctoral degree?
- 551. Is it true that it is easier to obtain a PhD in Europe than the US on average?
- 552. How to avoid procrastination during the research phase of my PhD?
- 553. What negative consequences could there be from dating a former student (as a young academic)?
- 554. Can I legally omit the fact I hold a Ph.D. degree?
- 555. Are students allowed to read recommendation letters written for them?
- 556. I want to do research but I'm too old for a PHD
- 557. Post-doc Salary in Germany
- 558. Do you include references in your CV?
- 559. Letter writer snapped at my reminder email. What can I do in the future to prevent this, and should I still accept his letter?
- 560. Is it acceptable for a student to connect with a professor on LinkedIn?
- 561. Is it wrong to repeat yourself in the abstract, introduction and conclusions?
- 562. I was caught cheating in my exam, how should I deal with it?
- 563. Can a university retract a degree for actions taken after the degree is awarded?
- 564. How to react to a student proselytising during office hours?
- 565. Downloadable list of all accredited U.S. colleges?
- 566. How should I present my under-review works in my CV and profile?

567. What are the different roles between a program committee member and reviewer?
568. Why is it that adjunct faculty positions pay so little?
569. What is the significance of the overview slide in a presentation?
570. Are there any guidelines for labeling axes in plots/graphs?
571. How long does it take to publish in IEEE transaction
572. If I use most of the references from a thesis but not the exact same sentences, is it plagiarism?
573. How to obtain number of publications by year on a given subject?
574. My interview went well but at the end the interviewer said "All the best for your future endeavours". What does it mean?
575. Choice of personal pronoun in single-author papers
576. When and why should you write numbers less than 10 in words?
577. How do you judge the quality of a journal?
578. Should I use my university's letterhead for a cover letter for a job application?
579. How to acknowledge funding
580. Quitting after 5 years - miserable and depressed
581. When is the official date a degree is obtained?
582. How to request an extension for submission to a conference?
583. Should I add references to conference presentations?
584. What are some good practices when asking people to share their PowerPoint presentations from a conference/talk?
585. What is a soft-money research position?
586. The GRE: Why does this still exist?
587. How to put multiple affiliations on a paper as the author?
588. Is it possible to obtain a PhD in Canada without having to attend courses for a master degree?
589. How would I cite the US Constitution in Harvard style?
590. How to cite in an appendix (and where to put the Citation list) of a PhD thesis?
591. How to mention my class rank in my CV
592. Should I send a letter of recommendation directly to a student?
593. Can a professor influence the graduate admissions committee if he or she is interested in a particular student?
594. How to deal with an advisor who wants a "friendlier" relationship with me than I do?

595. How to express an ongoing PhD degree in suffix
596. What is the average number of references in a PhD thesis in the humanities?
597. How should I reference my Github repository with materials for my paper?
598. Why are research papers written in language that's difficult for undergraduate students?
599. How do I cite a quote in the title of a paper
600. Fellow student asked question from take-home exam on Stack Exchange
601. How good are "For Dummies" books in Academic Study?
602. What is the correct protocol for including peer reviews that I have done in a CV?
603. How can a TA help a student who is certain she sucks at programming?
604. Should professors pay undergraduate students doing research in their labs?
605. How to create PDF of slides with audio?
606. How many hours a day on Mathematics as a successful student?
607. How do I handle a colleague's gender change when citing their paper?
608. Sending a second reminder to a professor about LORs, after the first reminder
609. What is the advantage of becoming a full professor if you already have tenure as an associate professor?
610. How can I cite interviews for radio and TV on CV?
611. What title do you hold after you've defended but before you graduate?
612. Why are professors' websites so ugly?
613. Is Obama's JAMA paper OK?
614. What can cause the date of submission status to change without a change of status "under review" for Elsevier editorial systems?
615. How to find a good topic for a PhD research proposal?
616. A student keeps using a native language while asking questions in the class when the course is taught in English
617. What does "awaiting EIC decision" mean when it occurs immediately after "awaiting reviewer selection"?
618. What is the difference between "introduction" and "motivation" sections
619. How to deal with a student who most likely has a mental condition, and keeps arguing with me in class?
620. When is it useful to include the code in a thesis?
621. Religious supervisor wants to thank god in the acknowledgements

622. Am I conveying disrespect if I omit my gender pronoun from a conference nametag?
623. How to answer the question "tell me about yourself" in a Masters degree interview?
624. What types of industry positions favor PhD over a masters?
625. Can a person of average intelligence get a PhD in physics or math if he or she works hard enough?
626. How to address graduate school recommendation letter?
627. Should I include high school details in Grad School Resume?
628. Is it formal to inform readers that a point will be discussed later in the chapter?
629. How to deal with students who submit their homework as an attachment to a completely blank e-mail?
630. Does it violate academic social norm to email someone around midnight?
631. Position and prominence of 'Acknowledgements' in a publication
632. Why do so many PhDs choose to join academia instead of industry given the pay in academia is considerably lower and the workload is much heavier?
633. When is it appropriate to describe research as "recent"?
634. What to remember when supervising female PhD students?
635. Telling PhD supervisor I published a paper about my thesis without telling them or listing them as authors?
636. I lost my students' quizzes due to a theft, what should I do?
637. What does "First Class or 2.1 Honours degree" mean?
638. What do the abbreviations 2:2, 2:1, or 3:2:3 mean in terms of teaching loads?
639. How to build healthy working relationships with my male colleagues as a young-ish, attractive-ish woman?
640. What are the benefits of getting a PhD in statistics?
641. Is publishing as an undergraduate a thing that really happens?
642. How long should letters of recommendation for students be?
643. Why do graduate school application forms ask applicants to name the other schools to which he/she is applying?
644. Why do I have the "required reviews completed" status on my submission in Elsevier?
645. How should I state a 'PhD dropout' in my CV?
646. Converting from and to British grading scheme
647. Why do some instructors care so much about attendance?

648. In a thesis, which comes first - Abstract or Acknowledgements?
649. One of my student researchers is likely falsifying some results/data. What are the consequences?
650. How to address Phd dissertation committee members in email?
651. Professorship without PhD in the United States
652. What laws exist in India to protect students from harassment by teachers/ professors?
653. Why do a second PhD in a "neighboring" discipline?
654. When referring to study at Oxford why is the word "read" used?
655. Is there a common standard for the title hierarchy of research positions in English?
656. Abbreviation of "number (of)" in a table heading
657. elnk eBook reader for reading scientific PDF papers (as of 2018)
658. Why is PhD GPA considered irrelevant?
659. Does "corresponding author" carry an implied meaning?
660. Student missing exam for "medical reasons"
661. My professor says I would not graduate my PhD, although I fulfilled all the requirements
662. Am I right to be frustrated that my professor does not actually teach?
663. How to find out who funded a study / research?
664. Academic Interview: What is your Greatest Weakness?
665. Why wouldn't a professor allow a student to record audio of his lecture?
666. How to associate an arxiv paper on Google Scholar with the rest of my account?
667. Can my UK PhD permit me to use the title "Dr.-Ing." in Germany?
668. Dry erase boards: glass vs. white board
669. Free, open-source substitutes for Mendeley?
670. Manuscript status changed to editor assigned after under review, what could be the reason?
671. How to react when encountering students who have previously failed my course?
672. My university requires that I take attendance. How should I treat students who arrive late to class?
673. Is it considered plagiarism if I use my OWN answers twice
674. Etiquette when unable to attend a conference
675. Do I need to cite a source when defining terms?

676. How to tell speakers that their English is terrible?
677. Choosing my name as an author when publishing a scientific paper, can I use my "unofficial" first name?
678. Do professors in Germany have other payment than their standard salary?
679. What to do if most of my students have switched to a better lecturer's class?
680. What is the etiquette for thesis acknowledgements that thank God?
681. How to cite oneself as co-author without all names, for resume or presentation?
682. How to write an effective but gentle reminder email to a journal editor?
683. "Dressing down" to impress in academic settings
684. How long should it take to read a paper?
685. What is the advantage of doing an integrated Masters course over a Bachelors and then Masters? (UK.)
686. Is it unethical to cite a paper or book that you have never looked at?
687. None of 25 students at question session before exam has a question. What should lecturer do?
688. Can you get a PhD based on work or life experience?
689. Why is plagiarism so harshly punished?
690. Why do Computer Science degrees contain a high proportion of mathematics?
691. What can I expect from a Skype interview for PhD admissions?
692. How to cite the supplemental material from the main text?
693. What is the correct way of writing two MSc degrees on a business card?
694. The use of words such as "clearly", "obviously" etc. in a technical paper
695. How to pronounce 'et al' in presentation speech?
696. Should I use both surnames when addressing a Spanish professor as 'Dr' in an email?
697. Professor refuses to write a recommendation letter to students who haven't written a research paper with him
698. Is there a convention on how to write pseudocode in scientific papers?
699. Is there any way to detect high tech (e.g. cell-phone assisted) academic dishonesty?
700. Is it possible to get into a good masters program in computer science with a 3-3.5 GPA?
701. Answering the "why do you want to do a PhD?" question

702. What does an optimal grading distribution look like?
703. My student's family won't let her study what she wants
704. Is it normal for an advisor to expect >80 hour workweeks from PhD students, and threaten them with dismissal?
705. How can I add a DOI or link to my article on Google Scholar?
706. 4 Years in PhD. No publications and adviser keep changing my research
707. How does a book chapter in an edited volume compare to a peer reviewed paper?
708. Can I tell my PhD supervisor honestly why I want to leave him
709. How to cite paper with several co-first authors in APA style?
710. What is a non-tenure-track assistant professor position in the USA and is it harmful?
711. Can I use abbreviations in the title of a research paper?
712. Is it fair to give zeros to students who missed early assignments because they added the class late?
713. How do professors advise PhD students that are smarter than them?
714. Professor does not care about cheating, what should TA do?
715. Is it plagiarism if someone else came up with something before you did?
716. Is it appropriate to request that the department hire a female faculty member?
717. Preparing a very short presentation for a PhD interview
718. What does "Reviews Completed" status mean in Springer?
719. How to tell professor the reason for dropping his/her subject without it sounding rude?
720. What is the difference between a Panel Study and a Cohort Study?
721. How bad will refusing to defend PhD look on industry-job applications?
722. My research paper filed as a patent in China by my Chinese supervisor without me as inventor
723. Dismissed from PhD due to disability-related misconduct: how to answer question about dismissal?
724. After with editor the current status is submitted to journal
725. Is it useful to do an MBA after PhD?
726. How to contact professors for PhD vacancies?
727. Can I slack off and get a PhD?
728. Quit PhD and find a job

729. "Please enter any comments you would like to send to the Journal Office"
730. Can dissertation be included in publication part in CV
731. Accused of cheating due to the time accounted by Blackboard
732. What questions to prepare for PhD defense?
733. Why do most people think it's a bad idea to read from slides?
734. Which google scholar citation format is IEEE standard?
735. Cover Letter for PhD Application
736. What does "upper division" mean in the context of undergraduate classes?
737. Can I publish parts of the Ph.D thesis as a paper in a journal?
738. Why do so many pure math PhD students in the USA drop out or leave academia, compared to applied mathematics PhDs in the USA?
739. Choosing research ideas to include in a statement of purpose
740. Is it plagiarism to submit the same work in a course after withdrawing from the course on a previous occasion?
741. Editor rejected my paper stating that reviewers had refused to review it long after submission; How can I understand what is wrong with my paper?
742. Is EF-SET English Certificate accepted?
743. What are "all the rights and privileges pertaining thereto"?
744. What is a research student?
745. How to check citations and references match in a manually prepared document with APA author (year) citations?
746. Academically dismissed from grad school but want to reapply
747. Is it appropriate for assistant professors to supervise PhD students?
748. Is this statistic about how many Latinos/Hispanics have a PhD in the USA correct?
749. How to convert from one grading scheme to another?
750. What's a good way to prevent students from saying I lost their paper?
751. Is the death of a girlfriend's father a reasonable excuse for a student to miss a class?
752. As a course lecturer, should I excuse late assignment submissions if I wrote the assignment deadline slightly wrong?
753. A published paper stole my unpublished results from a science fair
754. Is my approach to discouraging whiners from taking my class acceptable?
755. Can I mention professors' names in the statement of purpose?

756. Got accused of plagiarism due to a reference lost during copying my own writing

757. How to deal with anxiety and depression after being kicked out of PhD program?

758. Can I submit application on the deadline?

759. What makes one fail a PhD viva?

760. Can I accept two offers from universities and decide later on

761. How to edit name on existing publications after a name change?

762. Professor expects me to attend a conference. I can't afford to go, even with 50% funding

763. Is copying equations plagiarism?

764. Applying for faculty position --wondering how long to expect to wait

765. Paper ending: conclusion vs. conclusions

766. Decision pending for more than 15 days

767. Who can see a student's grades?

768. Conference vs Congress vs Symposium vs Meeting

769. 3 follow-up emails over 2 weeks, and the potential supervisor still won't respond to me?

770. Is talking to a professor about personal issues acceptable?

771. Are postdoctoral scholars considered students or researchers in other countries?

772. How long is reasonable to wait for reply from an editor?

773. Equivalent of 'above/below the bar'

774. What are the key features of a short (15 min) conference presentation?

775. What are the advantages and disadvantages to completing a Masters program before applying to a Ph. D program?

776. How do some PhD students get 10+ papers? Is that what I need for landing good faculty position?

777. Why are papers without code but with results accepted?

778. How to remind a professor about sending papers to read?

779. Is it acceptable to have a research paper with no references?

780. How to avoid sleeping in lectures?

781. Detect cheating in Microsoft Excel submissions

782. How common is it for graduate schools to allow admission to be deferred for a year

783. How much do Springer-Verlag authors make per book sold?

784. I violated academic integrity unknowingly by sharing assignment resources with fellow student. What should I do?
785. Is it plagiarism to copy from the textbook and referencing properly but not using quotation marks?
786. What is the justification for the typical punishment of a student who did not cheat but helped others cheat?
787. How can I politely remind my professors about a recommendation letter they promised?
788. What is the point in publishing a paper in a workshop rather than in a conference?
789. What is an impact score? Is it different from an impact factor?
790. How can I cite software documentations?
791. Am I being a "mean" instructor, denying an extension on a take home exam?
792. Is there any efficient non-linear note-taking software?
793. Is it necessary to obtain permissions for copying figures from published articles in your proposal/dissertation?
794. How to effectively explain why my research is important?
795. Are bibliographies/reference lists generally included in page/word counts?
796. Why do Americans care so much about recommendation letters?
797. An undergraduate said they may hire a freelancer to do their work for them. What should I do?
798. How should I reply and thank a potential supervisor's email?
799. How to choose between very good journals in mathematics?
800. What does it mean "a dissertation submitted in partial satisfaction"?
801. Can I reuse part of a paper for my thesis?
802. Is it a good idea to include participation in summer schools in my CV?
803. Is it ethical to profit by having my students buy my textbook?
804. How do you come to terms with the fact that you might never be among the best in your research community?
805. What is an academic sabbatical?
806. Is it an insult to my US university to not walk in graduation?
807. Is it acceptable to wear the same outfit every day?
808. Giving a career talk in my old university, how prominently should I tell students my salary?
809. What should I do after my PhD supervisor calls me a retard to my face?

810. How to start an official email to a professor
811. Our instructor threw together freely available YouTube videos and Wikipedia articles instead of lectures. What should I do?
812. What do universities usually do with a student's graded final exams?
813. What makes academic failure different from failure in another career?
814. Is there a polite way to rescind a request for recommendation letter?
815. Is it fair to my PhD student if I ask them to do "miscellaneous" work for a paper they're not going to be a coauthor of?
816. What are the acceptance rates at various CS masters degree programs?
817. Just graduated with a master's degree, but I internalised nothing
818. Is it considered rude to address a PhD holder as sir or miss?
819. Is it appropriate to wear an honor stole/cord to my doctoral hooding and convocation?
820. Is it plagiarism (or bad practice) to cite reviews instead of source material directly?
821. Why is getting a PhD considered "financially irresponsible" by some people?
822. Cheated on an exam when I was eight years old. Should I tell graduate admissions?
823. What does 'PI' mean?
824. Is a research assistantship considered full-time employment?
825. PhD duration in the USA
826. What is the average tenure-track duration in the USA?
827. Citing a Datasheet or Technical document in IEEE style
828. What to do when emails to a potential advisor are not replied?
829. What to do with students requesting deadline extension due to the death of a relative (but without a doctor's note)?
830. Appropriateness of dedicating my thesis to a Jewish mathematician who died in a concentration camp
831. Should I cheat if the majority does it?
832. What are UK A-levels worth in the USA?
833. Does a bad grade in one course (with otherwise OK record) affect graduate admissions?
834. Filling "Educational Status" in GRE subject test application form
835. What should I do when my students use their phones in class?

836. How should I go about making CV as an undergraduate?
837. What affiliation to put on a research paper as a college student?
838. UK faculty salaries are much lower than US – is there any upside?
839. Student gives two different answers to one exam question, one right and one wrong. How should I mark/grade this?
840. How do I thank a professor for choosing me as his PhD student (via email)?
841. What should I ask deans during my interview?
842. Friendship with Professor okay?
843. What is the difference between dual degree, 2 Bachelors and double major?
844. Paper status changed to “Decision in Process” rapidly after initial submission
845. Postdoc overwhelmed by incomplete work
846. What is a typical retirement pension plan for professors in the United States?
847. Can one of your letters of recommendation come from a professor in a department unrelated to your field of study?
848. Where did I lose control of my studies?
849. How do mathematicians conduct research?
850. Submitting the same research to multiple conferences
851. Poster orientation: Landscape or portrait (horizontal or vertical)?
852. Failing students when it might cause them economic ruin
853. Is it legal to accept a later offer (e.g., came after 15 April), despite having previously accepted an offer from a university before 15 April?
854. Is the phrase "thanks, but no thanks" appropriate in an email sent to a supervisor?
855. Why do editors sometimes accept a paper even if a reviewer recommends rejection?
856. Being sure of date of publication of a book
857. Do I not have the personality for a PhD?
858. Is it appropriate for a professor to require students to sign a non-disclosure agreement before being taught?
859. How to deal with students leaving the class for 10 min during the lecture?
860. Does doing poorly in a course hurt my chances of getting into grad school?
861. If I quit my PhD, would it make my advisor look bad?
862. What is the average postdoctoral salary in China?
863. I regret declining a really good PhD offer. Can I ask if I can accept the offer after

all?

864. Teaching a class likely meant to inflate the GPA of student athletes

865. What does a university's acceptance rate indicate?

866. I was pushed to submit a mediocre paper to a conference. To my surprise it was accepted. How to save face?

867. Has anyone, based on great performance, ever been awarded a higher degree than the one they enrolled for?

868. How to overcome "No Research Experience" in CS Ph.D applications

869. Why would an academic write a textbook for free?

870. Is it okay to discuss personal experiences or observations in literature review?

871. How do I add an article that is already in Google Scholar to my profile?

872. Is a PhD right for you if you hate doing research in your free time but love doing it as a job?

873. How to interview undergraduate candidates for research assistants?

874. Advisor professor asks for my dissertation research source code

875. What is meant when a job says PhD or equivalent required?

876. How to cite an Amazon page product?

877. EU Ph.D. in Germany: Calling yourself "Dr." or "Ph.D."

878. Stuck without progress working on thesis - worried about failure

879. When to refer to a paper as "seminal"

880. What happens if a math PhD student fails to find a proof that is the main objective of their thesis topic?

881. How do some Ws on transcripts affect PhD admissions in mathematics?

882. How do I cite a screenshot I've taken of a software program?

883. Will ISIS attacks hurt my PhD application as a Muslim?

884. Should professors intervene if a student is wearing offensive clothing in their classroom?

885. How do we properly include and cite a set of equations from another paper?

886. What do mathematics researchers do if they aren't good?

887. What's the net income of a W1/W2 german professor?

888. Life as a math professor

889. Why do you need to do a postdoc after getting your PhD?

890. Techniques for good board handwriting

891. How to address the person being recommended in a recommendation letter?
892. Is it plagiarism to reference a fictitious source?
893. Thesis: what is the difference between discussion and conclusion?
894. What is the difference between a concentration and a track within the major?
895. How to quiet noisy undergrads students during lecture
896. How to prepare for being a TA (Teaching Assistant)?
897. Is Wiley Plus able to detect when students are cheating?
898. What to do with someone that cheated their way through university and a PhD program?
899. Do graduate schools care more about my grades in math courses or my general GPA?
900. Is it possible to pursue PhD in different area than master's thesis?
901. Can one or two emoticons be used in a PhD Thesis?
902. What should I do if I suspect one of the journal reviews I got is AI-generated?
903. How much duplication is permissible in letters of recommendation?
904. Two years into my PhD program, and Mom is dying of cancer. Should I tell my advisor about it?
905. How can I avoid inadvertently offending my female peers and getting into trouble for it?
906. I have found an error in a textbook. What can I do about it?
907. I'm afraid of chemicals. How do I handle my required uni biology class?
908. Why do German universities rank so low internationally?
909. Are rejections usually quick for papers submitted to journals?
910. How long does it typically take for editor's final decision after reviews are completed?
911. My supervisor doesn't believe in depression
912. How do I refer to my PhD studies in my CV; under education or experience?
913. Difference between article and letter in Nature
914. How do I effectively solicit a strong letter of recommendation from a professor?
915. Why is a professorship sometimes called a chair?
916. I have stack-exchanged through my undergrad math program. Am I likely to succeed in mathematics PhD programs?
917. Indicating a name change after publication

918. How to sign your email to students, so to avoid their immature behavior?
919. How should I cite products?
920. How to get better at identifying research gaps?
921. Etiquette on sending a thank you e-mail to respondents who gave me helpful information
922. Are professors allowed to accuse someone of cheating based on a general increase in test scores?
923. Applying for PhD with a 3.2 GPA - Do I even stand a chance?
924. Commercial company wants me to list all prior "inventions", give up everything not listed
925. How to format code in a thesis (Word document)?
926. I am a PhD student and hate it here. How can I warn prospective students during admit weekend without ruining my reputation?
927. Is it appropriate to call a professor for a recommendation on the weekend?
928. How to search for an open access journal with no publication fee?
929. Status Change in Elsevier
930. What can I do when some people stole my master thesis work and published it as their own work?
931. How should I proceed when a (famous) professor says I'm not good enough for research?
932. What is the best way to turn down a Postdoc offer?
933. What is the difference between letter, communication and journal paper?
934. Prospective PhD contacts potential supervisor but receives no answer after 2-3 emails, what to do?
935. How to deal with my PhD supervisors rudely critiquing all my draft papers?
936. Do german professors like to be called "Herr X"?
937. Should co-first authors be listed in alphabetical order?
938. My professor is rigging data and plagiarizing. What can I do?
939. Cover letter for a publication
940. Should I intervene when a colleague in a different department makes students run laps as part of their grade?
941. Should a student use the email account provided by the university to communicate with professors?
942. Bad first month in my PhD

943. Why are most of the top universities American?
944. Someone I don't know contributed to my program on GitHub. Can I still present that program as my Bachelor thesis?
945. How to write a rebuttal for a conference
946. A paper I received to review has (independently) duplicated work that we are writing up. How to proceed in light of peer-review confidentiality?
947. Difference between Poster Session and Oral Session
948. Is the phrase "We can see that ..." appropriate in research papers?
949. In case of in-lecture quizzes, is it unreasonable to fail students who are late or absent?
950. Is using the phrase "... is left as an exercise for the reader" considered good style in academic papers/theses?
951. What are the implications of the whole class failing an exam?
952. My PhD defense is next week and I am having negative thoughts about my work and knowledge. Any advice on how to tackle this?
953. How to cite spreadsheets or other documents for in-line citations?
954. I noticed an error in a graded exam during office hours. Should I give the student the lower grade?
955. Is a professor allowed to require me to give him permission to speak with my doctor before letting me make up an exam?
956. What do mathematics graduate schools look for in undergraduate students?
957. How to search for articles from a specific journal in Google Scholar when the journal name is a subset of other journal names (e.g., Science)?
958. Writing someone else's master's thesis: Unethical and illegal?
959. If I don't know whether a staff member has a PhD, should I address her as Dr. in my emails?
960. What is meant by the term "research interest", when asked to provide a brief description of research interests on an application?
961. Will minor mistakes in my bachelor's thesis harm my future career as a researcher?
962. I am reviewing a very bad paper - do I have to be nice?
963. PhD student failing
964. How honest should one be with their students when talking about the realities of academia?
965. What to do about students who miss my lectures and then want me to repeat

entire material?

966. Why do professors want to make sure that their notes written on the blackboard will not be published?

967. How to stop hopping the learning chain and actually begin somewhere?

968. What is the average salary of assistant professor in New Zealand?

969. How to write an email to a professor to inquire about a visiting researcher position?

970. Referencing others' ideas in introductions and conclusions?

971. What to do about questions that are designed to embarrass the speaker?

972. What are the implications of distributing a faculty annual salary over 9 or 12 months?

973. I got a very bad review from one reviewer, but the paper was not rejected

974. Format of In-Text Citations for Military Publications?

975. Why do academics prefer Mac/Linux?

976. Professor falsely accusing me of cheating in a class he does not teach, two months after end of the class. What precautions should I take?

977. My teaching evaluations arrived and female students statistically gave me worse scores than male students. Is there any possible explanation?

978. What do the Dutch academic titles "prof.dr.dr.h.c.ir." mean?

979. Can I get a PhD online?

980. Are there any research careers except professorship for a person holding PhD in pure mathematics?

981. Acceptance into graduate math programs

982. What do I do if my results are not ready before a conference?

983. What are the differences between viXra.org and arXiv.org?

984. If I receive written permission to use content from a paper without citing, is it plagiarism?

985. Is it ethical to date a graduate student of the same university where you are a faculty member?

986. How to find the h-index of a professor?

987. Why did I receive a negative response from a professor when emailing about course content and prerequisites of a course I am considering taking?

988. What is a "sandwich thesis"?

989. Business card for Ph.D. student - what should be included?

990. What to say in one-minute presentation of a poster in a scientific conference?

991. Why are most scientific articles locked behind a paywall?
992. What can a professor do about an exam that was too long for the allotted time, after the students have completed it?
993. CV for leaving academia after PhD
994. How to professionally handle sexist remarks by a student?
995. Should you include press interviews and articles about your work in your CV?
996. Does publishing a paper on arXiv prevent me from submitting it to a non-open access journal?
997. PhD in Germany after Bachelors
998. How to get work done whilst feeling crippling shame?
999. I asked for a graduate student position from a professor. He replied "welcome". What does that mean?
1000. First year Math PhD student; My problem solving skill has been completely atrophied and continues to decline
1001. What is the difference between research intensive vs. research extensive universities?
1002. Why and how do professors go for sabbatical?
1003. PhD supervisor wants me to quit after break
1004. In the Harvard referencing style, is it wrong to put references in footnotes?
1005. What is this "can I hire you as a tutor" scam?
1006. Introducing abbreviations in an abstract for a repeated term
1007. Which GPA is more important for applying to PhD programs, graduate or undergraduate?
1008. Two-thirds of my class colluded. Should I report them to the academic offences committee?
1009. How do I mention low grades on the transcript due to genuine incompetence? (PhD Application)
1010. Difference between grants and awards
1011. Normal length of time taken to arrive at a phd admission decision?
1012. What is the criterion to include an institution as "affiliation" in an author list?
1013. What do admission committees look for in a diversity essay?
1014. Given a "Date Revision Due" for revised submission of a journal paper, am I required to submit before the beginning or the end of that date?
1015. Is the "purpose" of a Ph.D. merely to gain general entry into the world of

professional research, or is the research topic critically specific?

1016. Can a professor post a grade online and then change it?

1017. Is it ethical for a professor to get masters students to work on open source modules related to the professor's profit-making company?

1018. Is it better having a bad PhD done or having no PhD?

1019. The lecturer supposed to grade my presentation fell asleep while I held it. Should I complain?

1020. I insulted a professor by using an anti-Semitic slur in a department seminar. How bad is this?

1021. Should I answer this question about diversity?

1022. Editor rejected manuscript claiming it is similar to a not-yet-published manuscript (that I haven't seen). How to proceed?

1023. Is it plagiarism/OK if I use big parts of someones literature review for the introduction section of my paper?

1024. What are the benefits of an oral exam?

1025. What does author order indicate?

1026. I feel like male professors don't feel comfortable taking me as a student. How should I address this problem?

1027. Gender transition as a starting faculty member: a terrible idea?

1028. Published paper not showing up on google scholar

1029. Fifth year of my PhD and I hate my project. What should I do?

1030. Indian CGPA to US GPA system

1031. Is it frowned upon to obtain a recommendation letter from a recent Ph.D. graduate?

1032. My math students consider me a harsh grader. Is my teaching attitude wrong?

1033. Why do most scientists think Brexit is bad for British science?

1034. Is the PNG file format acceptable for academic papers?

1035. Should I add references to a conference poster

1036. Received an ultimatum from PhD advisor to leave that broke me completely. How to cope emotionally?

1037. Why is having multiple college majors seen as a bad thing when applying to graduate school?

1038. Is it cheating to use solutions to identical problems from other universities to do my homework?

1039. What's the real difference between a postdoc and a research fellow? (Which one is considered a 'better' experience?)
1040. What are the best question to ask a committee panel after a PhD interview?
1041. How to apply to do a masters thesis in the US or Canada when departments don't post specific positions?
1042. How to establish collaborations with academics who you do not know where you contribute to their research projects?
1043. What should I ask a potential PhD advisor in an informal interview?
1044. Is it unwise to contact the professor directly before getting admitted to a program in US?
1045. Should I put my h-index on my CV?
1046. What do I put on my publication list if I have no publications?
1047. Is it okay if a professor friends a student on social media sites?
1048. How do I abbreviate the titles after my name?
1049. What makes a good chalkboard?
1050. Appropriate attire for a graduate school interview in the US
1051. How to handle not having my PhD advisor as a reference?
1052. What is the meaning of "In Proceedings Of ..."?
1053. Bombed an academic interview, should I do anything about it?
1054. What is the origin of the "underwater basket weaving" meme in Academia?
1055. Should I seek professional help because I have a lot of math books?
1056. How to recruit PhD students when industry pays so much more?
1057. How do you make corrections to a published paper?
1058. Correct way of referencing equations, figures and tables inline?
1059. How to tell an over-confident student they still have a lot to learn?
1060. Is 100 hours per year of teaching a heavy load for a lecturer?
1061. What is the purpose of dissertation embargo periods?
1062. How to address a military officer with Ph.D?
1063. Should I include code in my research paper?
1064. Thank you note after interview
1065. Identical projects by students at two different colleges: still plagiarism?
1066. Do academics look down on well-designed academic websites?

1067. MLA: in-text citations from one work - do I need to restate the author every paragraph?
1068. Is it possible to save a (science) PhD in 10 months?
1069. Would a professor write a bad letter of recommendation?
1070. Should there be a space between a value and the units used?
1071. Is there a place in academia for someone who compulsively solves every problem on their own?
1072. Should I have doubts if the organizers of a workshop ask me to sign a behavior agreement upfront?
1073. Etiquette question: is there such a thing as accepting an offer 'too early'?
1074. What should I do if I'm on the waitlist for a PhD program?
1075. What should I ask my potential Ph.D advisor in advance, before actually signing a contract?
1076. Was a professor correct to chastise me for writing "Prof. X" rather than "Professor X"?
1077. Why do textbooks often include the solutions to odd or even numbered problems but not both?
1078. Should I take threats from a former professor seriously?
1079. Listing acknowledgments on CV
1080. Prof's neurological health is declining rapidly. What can I (TA) do?
1081. Preventing leaking exam papers/cheating using phone cameras?
1082. Should I be concerned about student access to a test bank?
1083. Are there good reasons to avoid using color in research papers?
1084. How to address the ability to work with culturally diverse populations and on interdisciplinary teams in an academic job application?
1085. Accused of cheating on a class that I passed a year ago. Can my "pass" be revoked? Could this missing prerequisite affect other classes I have passed?
1086. One reviewer in the committee rejected my Ph.D. defense but he didn't attend
1087. Should I list conferences I attended on my CV?
1088. How to deal with a colleague who always puts you down?
1089. I got accepted into a math PhD program but I don't feel adequate enough to attend
1090. What to do (years later) with otherwise good student who has accidentally plagiarised part of PhD thesis?

1091. Reporting a student who may be psychologically disturbed
1092. How to deal with an abusively condescending professor?
1093. What do "AE", "EO", and "PROD" stand for in a journal submission system?
1094. My PI is publicly humiliating me: Why would a PI do this and what can I do to mitigate the damage from this?
1095. What does this professor mean by saying "I do not have time to respond"
1096. Anyone dealt with "KEI Journals"? What about the journal "Quarterly Physics Review"?
1097. Would I get into trouble if I give out "too many" A grades?
1098. When should a supervisor be an author?
1099. Whether to include a middle initial in author name on academic publications?
1100. Is it valid to modify a student's exam grade if you feel they did not earn it?
1101. I recently started my machine learning PhD and I have absolutely no idea what I'm doing
1102. Plagiarism of Lecture Slides
1103. Why do universities fund Ph.D. students in the sciences?
1104. How to cite a modified figure?
1105. A life of PhD: is it feasible?
1106. Difficult student would dispute every grade in the course and now wants letter of recommendation
1107. Retract an already submitted recommendation letter (written for an undergrad student)
1108. As a TA, how to react if I come across a Facebook group in which students insult me?
1109. As a student with questions about a paper, can I email the author myself or should I ask someone else to contact him?
1110. What should be included in a disclaimer about the omission of gender-neutral language in a bachelor's thesis?
1111. Is it OK to generate parts of a research paper using a large language model such as ChatGPT?
1112. Is Research Fellow a gender-neutral term?
1113. How can I determine whether a conference is reputable?
1114. Is there a way to report to google scholar some systematic mistakes?
1115. As a TA, I had sex with someone who turned out to be one of my students, what

do I do?

1116. Number of slides for 45 minute defense presentation

1117. What is a short CV?

1118. Is there a preferred citation style for computer science papers?

1119. Can my university revoke my degree after it was granted due to (corporate) data having changed?

1120. Should we put the references in slides/poster when we already have them in paper?

1121. What incentive does a professor have to allow a student to enroll in a course that is already full?

1122. I screwed up the final. What should I do?

1123. Where should I put the "Definition of concepts" section in a Research Paper

1124. Dr. <First Name>: a good nickname or a "professional cancer"?

1125. What's the name of Wikipedia's default referencing style?

1126. Why are US PhDs different from European PhDs?

1127. Is it unethical to supply a marked solution to a student who has shown intent to cheat, with the intent of identifying them for punishment?

1128. What's wrong with my e-mail to potential PhD supervisors?

1129. Professor wrote me a letter of recommendation, but sent it to both me and the institute

1130. What is the acceptable similarity in a mathematics PhD dissertation when checking by Turnitin?

1131. How to acknowledge a crappy supervisor at the start of my PhD thesis?

1132. Word choice for salutation in a formal email to your PhD adviser, Is \*Dear Boss\* appropriate?

1133. How should I introduce myself (a graduate student) at a conference?

1134. Why is peer review so random?

1135. PhD application asking what other insitution I am applying to, how to answer?

1136. How do I identify predatory and low quality journals? With Beall's List gone, how can I tell if a journal is spam?

1137. Is asking your PhD supervisor a basic question considered inappropriate?

1138. How can co-authors check the status of a submitted manuscript in Elsevier Editorial System?

1139. Is it ethical to use a recommendation letter from a deceased professor?

- 1140. Advisor tries to reproduce my results to ensure my honesty. Is it the norm?
- 1141. What is the meaning of "in residence" at a university?
- 1142. Using nonstandard gender-neutral pronouns to refer to myself in academic writing
- 1143. Follow up email to a potential PhD supervisor
- 1144. How to stop feeling guilty about unfinished work?
- 1145. Should I challenge my professor who thinks he's always right?
- 1146. Paper with editor for longer than two and a half months
- 1147. A famous scholar sent me an unpublished draft of hers. Then she died. I think her work should be published. What should I do?
- 1148. What is the status/reputation of the University of South Africa (UNISA)?
- 1149. Accepted subject to minor revisions. How should I list this in my CV?
- 1150. Is it unreasonable to expect students to read the lecture notes before attending the first class?
- 1151. Is it true that foreign students have very limited academic prospects in Germany?
- 1152. Student asks for letter of recommendation: I can't remember the student
- 1153. Is declining an undergraduate award which causes me discomfort appropriate?
- 1154. Is it immoral to show new students how to use Wolfram Alpha?
- 1155. I sent an angry e-mail to my interviewers about a conflict at my home institution. Could this affect my application?
- 1156. Which tables should be put in the appendix?
- 1157. Should I resubmit a rejected paper to the same journal?
- 1158. Could you get a doctorate based solely on a thesis written in your free time?
- 1159. Paper status changed from under review to Awaiting Decision
- 1160. Why would a professor (say in pure math) want to take PhD students?
- 1161. How do you cite from a presentation or poster at a conference?
- 1162. Why do some professors with PhDs leave their professorships to teach high school?
- 1163. What is the point of listing 1000 authors for a single scientific paper?
- 1164. Do two rounds of major revision lead to a better chance of getting the paper accepted?
- 1165. Doing bad in undergraduate but good in a masters program
- 1166. Asking admission committee to confirm if they received my application and letters
- 1167. Device for writing a lecture with a stylus for video lecture recording

1168. How did researchers find articles before the Internet and the computer era?
1169. What is a Scopus indexed conference and how can I identify one?
1170. How to read papers without falling into a rabbit hole?
1171. I'm feeling discouraged after getting tenure; should I quit?
1172. Is it legal to share an electronic copy of a few book chapters?
1173. What to call someone that is currently studying for their PhD?
1174. What is the difference between "Green" and "Gold" Open Access?
1175. Whether to tell his prospective employer that a new male post doc opposes affirmative action for women in academia?
1176. My PhD supervisor cannot promise me a date to defend my dissertation before my visa expires. Should I just quit my PhD and start over?
1177. How does ReadCube compare to Mendeley?
1178. How to reply to reviewer's positive comment more naturally?
1179. What is the effect of a PhD student dyeing their hair blue?
1180. Do peer reviewers receive any salary?
1181. I'm in a religious country, and my religious supervisor is praying. What should I do?
1182. What is considered a good GPA for studies in Germany
1183. Academic dismissal from PhD program. What next?
1184. How to cite a lab manual?
1185. Is reusing old code for a new assignment considered self plagiarism? How to protect yourself if you consider it to be, and a group partner does not?
1186. About to write my PhD thesis and I don't know the basics and fundamentals. I am feeling unworthy of the PhD title. What should I do?
1187. Is it true that scores > 80% are effectively unachievable in the UK?
1188. Should I say "few literature" or "little literature"?
1189. Is it okay to mention we're citing an article only because a reviewer told us to?
1190. What is the recommender address and his/her title or position in graduate applications?
1191. What to do when you spend several months working on an idea that fails in a masters thesis?
1192. How should I respond to a worrying email from an ex student?
1193. Do IEEE transactions allow for any "co-first authors"?

1194. What is a reasonable rate to charge for editing someone else's thesis?
1195. I have been invited to peer review a manuscript for a reputable journal. This is my first so I have a few questions to the more experienced
1196. Why do people in academia tend to write their email address with "(dot)", "(at)", instead of ".", "@"?
1197. Is it acceptable to use non-English references in a computer science paper?
1198. Does submitting an enrollment intent mean that I am committing?
1199. Where does the title Dr come from for PhD?
1200. What is the key difference between literature review and related work?
1201. Why does a UK university need to know my sexual orientation and religion?
1202. I feel I've done enough for a PhD but my supervisor disagrees
1203. H-1B Visa Sponsorship by Universities
1204. Taking an academic pseudonym?
1205. Writing a thesis acknowledgement: should I address the person as "you" or use 3rd person?
1206. Best practices when allowing exam cheat sheets
1207. Are masters programs generally easier to get into than PhD?
1208. What to do if assignment is against student's religion?
1209. Is it good for the speaker to read notes during a presentation?
1210. I'm a professor being mistaken for a grad student, how to handle this?
1211. Are there Conference Proceedings that have impact factor?
1212. How to phrase the title in a presentation at an academic interview?
1213. Academic affiliation on papers written while between jobs
1214. How prestigious is a Fulbright scholarship
1215. Referee says the proof is wrong, but it is not, what to do?
1216. Realized a co-author inserted plagiarism into our paper 8 years ago - what to do now?
1217. Responding to low-key insult from lecturer
1218. Should postdoc be listed under Employment and or Education on CV?
1219. How to decide what writing sample to include in a phd application?
1220. Career advice: How can I move on from my probable PhD flop?
1221. How to export Google Scholar keyword search results to Excel?

1222. In what tense (present/past) should papers be written?
1223. How to respond to a professor who was insulted by an email detailing mistakes in the exercise?
1224. How should I interpret "English is poor" review when I used a language check service before submission?
1225. As a PhD student, I want to limit myself to 40 hrs/week. How to maintain this boundary?
1226. Why do you need to study a subject at a university level to teach it at a high school?
1227. When citing a journal paper, should I use the online publication year or the print publication year?
1228. What to use instead of academic 'we' when describing an experiment?
1229. Should a bachelor's or master's thesis include acknowledgements?
1230. What is Cumulative Impact Index of a journal?
1231. Why don't universities reveal the extra time they give to students with disabilities when taking exams?
1232. Are Honoris Causa degree worth as much as PhD?
1233. Why do we pay to present at conferences?
1234. Is it okay to keep a "Thank you" slide before references?
1235. Is publishing runnable code instead of pseudo code shunned?
1236. Should students have access to past exams or an exam bank?
1237. How do I find a journal's type (e.g. SCI, EI)?
1238. What is the proper way to cite a mathematical theorem in a paper?
1239. How to list co-first authors and co-second authors?
1240. Is it reasonable to require students to bring a laptop to every lecture?
1241. What's a novel way to say "all errors are my own"?
1242. How much salary can I expect as a physics post doc in the Netherlands?
1243. My PhD situation is giving me anxiety attacks. Is quitting (and losing 2 years) my only option?
1244. Should I include a publication where I'm only acknowledged (and not one of the authors) in my CV?
1245. Some questions about math postdoc offers
1246. I've been admitted to multiple PhD programs, how should I choose between them?

1247. Download automatically all articles from references in a pdf file or on a journal website

1248. In letters of recommendation, how are the different percentiles of ability perceived by the admissions committee?

1249. How to acknowledge a deceased advisor's contributions to a paper?

1250. Why do academics frequently write very short email replies?

1251. UK Postdoc - Is salary negotiation even possible?

1252. If I got 1.0 for Master thesis in Germany, can it be summa cum laude in my CV?

1253. Why does research on the busy beaver function get funded?

1254. Can someone who got GPA 3.7 apply for high ranked university with assistantship?

1255. PhD: When to quit and move on?

1256. It has been 6.5 years of my PhD and I am not seeing the end. What to do?

1257. Is it rude to ask via email to a professor if there are any internship opportunities?

1258. Quoting a book whose title contains a racial slur

1259. How common are PhD interviews in the U.S.?

1260. How to cite different chapters of a book in the same paragraph?

1261. Is it considered plagiarism for a professor to use uncited sources in teaching materials?

1262. Why does research cost so much money?

1263. My admission is revoked after accepting the admission offer

1264. My advisor submitted a paper with my work without including me as an author

1265. My partner posted our code on Github and I am now being investigated for cheating. What to do?

1266. Is it possible to recover after a career setback such as this?

1267. I'm 2 months into my PhD. When can I ask my supervisor about the rejected candidates?

1268. Why become a journal editor?

1269. Sharing my unpublished thesis with other students?

1270. How long before PhD graduation should I start applying for post-doc positions?

1271. What to do when students answered more questions than instructed during an exam?

1272. Could a paper that's just a title and abstract be listed as a publication in CV?

1273. How long typically are paper reviews? Is there such a thing as "too long"?
1274. Whether to italicise the name of government program in APA style?
1275. How to reply to an email from a student who wants a reply instantly?
1276. My PhD advisor sent me a plagiarized draft
1277. How to deal with a student who harasses the (inexperienced) teacher during class?
1278. Is it legal in the US for a student to download a copy of a textbook, to study?
1279. What does the status "under editor evaluation" entail after a 4-month review phase?
1280. What is the difference between a review paper and a research paper?
1281. Can I be admitted to a master's in the USA after a 3-year European bachelor's program?
1282. What is my graduation date?
1283. Where to find grad school acceptance rates?
1284. What should I do after advisor got upset when I expressed "belief in evolution" and then said he couldn't add me to his research team?
1285. How to proceed when PhD advisor leaves academia or moves to a new university midway?
1286. How to deal with people looking at their mobile phone during my presentation?
1287. Is it rude not to attend courses which have no attendance requirements?
1288. How to deal with students staying hours past the end of office hours?
1289. Career prospects in theoretical physics after nightmare PhD
1290. What is the best way to tell a professor that my research interests are not limited to a specific topic?
1291. How and why would I "claim ownership" of a paper on arXiv?
1292. Is there a way to improve my grade after graduation?
1293. Citing an instrument manual
1294. Why are many obviously pointless papers published, or worse studied?
1295. Can I correct a mistake that the reviewers didn't spot in a paper that has not been accepted yet?
1296. How to deal with incompetent PhD student as an undergrad
1297. Is it rude to send my professor a link with teaching advice?
1298. Whether to report someone receiving extraordinary levels of help for PhD

1299. Reporting yet-to-be completed graduate study on CV
1300. How to ask someone (outside the department) to be on the thesis committee
1301. Wrong font used for statement of purpose and résumé
1302. What is a good etiquette to correct a person using wrong title for me?
1303. How to deal with a colleague who won't accept they're wrong
1304. My advisor's new student copied parts of my PhD thesis; advisor doesn't care. What to do?
1305. Which is more impressive -- finishing a PhD in 2.5 years or getting more research done?
1306. Is it rude to use tracking softwares for the emails that you send to potential advisors?
1307. Is it insulting to call a full professor Dr. Firstname Lastname in a non-academic event program?
1308. When is the best time to send an email to a professor about a masters position?
1309. What should I let students do when they finish exams early?
1310. What makes the difference between "summa cum laude" and "magna cum laude"?
1311. How to prove that a student is plagiarizing with paraphrasing software like Spinbot?
1312. Is it ok to upload joke papers to arXiv?
1313. Appropriate "title" to list on application for professors writing LOR?
1314. How to cite a work in a manuscript that is under review?
1315. When is it acceptable to ask a graduate program about their admissions decision?
1316. How to interpret this rejection email from Journal of American Math Society? Anything to read between the lines?
1317. Is it acceptable for a professor to tell male students to not think that they are smarter than female students?
1318. Why are journals telling me that my article is plagiarized even though I wrote it by myself?
1319. When is the right time to tell my advisor that I plan on leaving my PhD program?
1320. How to handle a student who will not accept that he is wrong?
1321. Should the fullstop go inside or outside the brackets for Harvard in-line citations?
1322. What do I do when a student working in my lab "ghosts" me?
1323. I hate taking lectures, can I still survive in academia?

- 1324. Proper "notice period" for resigning a tenure track position?
- 1325. Why are there so many papers written in bad English?
- 1326. Average time allotted for manuscript review across disciplines
- 1327. Timing an internship during PhD
- 1328. How to list an unfinished PhD on a resume
- 1329. Years ago, a professor agreed to write a LOR, but never sent it. Therefore, I'm not accepted in any school. What can I do?
- 1330. Is specifying a minimum word count beneficial for academic writing?
- 1331. University I rejected is asking which other one I chose over them; should I tell?
- 1332. What should be included on the title page of a conference presentation
- 1333. During peer-review, should I comment on the authors' messy code?
- 1334. Ranking in class + Resume
- 1335. Is this a legitimate excuse for missing an exam?
- 1336. Why is plagiarising words such a big deal?
- 1337. Apply for PhD before finishing my Master's degree
- 1338. I found an error in my exam that caused me to lose time on other questions, resulting in a lower grade. How can I appeal?
- 1339. How do professors view a student who has good grades but always asks stupid questions?
- 1340. How do some institutions attract so many female computer scientists?
- 1341. Using rage faces in presentation
- 1342. How does a faculty member get to work at two universities or more?
- 1343. How to let a PhD student know that their research is not as good as they think it is
- 1344. IEEE vs ACM membership
- 1345. What can I do if a student in my lab threatens to tell lies about me, and my advisor doesn't want to fire her?
- 1346. Is there any problem with students seeing faculty naked in university gym?
- 1347. Principal Research Scientist vs. Senior Research Scientist?
- 1348. Failing a student for attendance or grade?
- 1349. What do I do if a teacher fails me after they said I'd pass?
- 1350. What are some good project-management tools for academics?
- 1351. Is it plagiarism when copying something that you have written before?

- 1352. Dealing with aggressive student suspected to be cheating
- 1353. Why don't poorer countries suffer a complete brain-drain?
- 1354. How long decision in process normally takes?
- 1355. Difference between contributed and invited talk
- 1356. How to deal with a professor skipping his office hours?
- 1357. Computer Science degree Vs. Software Development degree
- 1358. Suspicion that fellow PhD student lets someone else do his job
- 1359. 3 3-hour exams in a row with no time in between. What can I do?
- 1360. Is it normal to have no publications after 2.5 years in a PhD program?
- 1361. Why is it customary to call people with doctoral degrees doctors but not people with masters degrees masters?
- 1362. What is a social strategy I can use to respond to "How's your PhD going?"
- 1363. How to correct plagiarism in my own Master's thesis, years later?
- 1364. PhD student with mental health issues and bad performance
- 1365. What to write in an impressive about me section
- 1366. Can I hide my bachelor and master degrees in CV when I apply for a PhD position?
- 1367. How is grading by curve fair at all? Are there any arguments in favor of it?
- 1368. Is it okay to refuse a laptop from a new university if you already have your own personal laptop?
- 1369. What to put in "affiliation" field when submitting paper without affiliation?
- 1370. Is Lecture Notes by Springer a journal?
- 1371. How do I politely decline a professor who's really keen on having me for a PhD position?
- 1372. What are the differences between a research paper and a patent?
- 1373. What is the IEEE citation style for content obtained from wikipedia?
- 1374. Why are tuition fees for PhD students so high in the USA, despite not taking any class?
- 1375. What makes someone deserving of a Ph.D.?
- 1376. Do authors have to be politically correct in article-writing?
- 1377. Does taking graduate course as an undergraduate increase chances of getting into graduate school?
- 1378. Do professors care about their rating on websites such as RateMyProfessor or

Koofers?

1379. What is the difference between Ph. D programs with coursework and those without it?

1380. How do so many people here on Academia.SE, and in general, afford lavish higher education programs?

1381. Is it rude to call a professor by their last name with no prefix in a non-academic setting?

1382. Is it possible to start a PhD at 36 without taking a huge hit financially?

1383. What was offensive about the "ladies lingerie department" joke, and how can I avoid offending people in a similar way?

1384. What is the advantage of the two-column journal format?

1385. What can I do if my advisor wants me to keep working, even while I'm on medical leave for severe depression?

1386. When is Research Assistant/Associate/Fellow a correct title for a PhD student?

1387. Are magazines (journals) "Scientific American" and "Popular Science" peer reviewed?

1388. Where do bad papers go to die?

1389. How do the completion of online courses impact a Master's application?

1390. Is it OK to use GPT-3+ to rewrite your own paper to have better English?

1391. How to obtain average and total impact factor of publications for an academic?

1392. Follow up email if you have not heard back after tenure track faculty interview

1393. How to highlight my Master's thesis grade in CV

1394. What does "senior graduate student" mean in this context?

1395. If I publish under a pseudonym, can I still take credit for my work?

1396. What can a student who is already studying hard do to improve low grades?

1397. Any good way to tell a faculty candidate "We don't want you"?

1398. Is postdoc experience valued by industry?

1399. PhD supervisor is taking really long to read my thesis

1400. Using first person or third person in papers?

1401. How do you include a poster in an academic resume?

1402. Can I keep my full-time job while I pursue a PhD in Psychology, and if so, for how long?

1403. How do really talented people in academia think about people who are less capable than them?

1404. What determines the copyright year for a publication?
1405. Can public political criticism of my alma mater result in my BA being revoked 35 years later?
1406. I submitted an assignment late. Should I email the professor to explain my situation?
1407. Restart a degree program with a fresh GPA
1408. Supervisor advised me to quit late in my PhD
1409. Professor is upset about student comments about her lectures. What should I do?
1410. Is it frowned upon to go to office hours as a graduate student?
1411. Should I write that a student is a feminist in my recommendation letter?
1412. Are professors required to perform research as a necessity to teaching?
1413. Is it okay to address "Prof. X" as "Mr. X"?
1414. What happens if someone publishes a paper on your current PhD thesis topic
1415. How do I know that I have truly lost interest in research and should drop out of a top CS PhD program?
1416. How does one become an Affiliate Professor?
1417. How to schedule PhD defense
1418. While showing my work to my supervisor, an adult website appeared. Am I in trouble?
1419. Does academia have a lazy work culture?
1420. Question on "Awaiting Production Checklist" Status for Manuscript
1421. How to cite self-created images or pictures in thesis
1422. Probability of acceptance when editor requests "major revisions" but one reviewer recommended "full rejection"
1423. Why is it bad to judge a paper by citation count?
1424. Should I tell students that it's my first time teaching the course?
1425. To do another Master's, already holding a PhD
1426. My supervisor is suggesting I will fail my PhD, is this possible?
1427. What is the format of a good motivation letter?
1428. Are there many countries in which universities pay PhD students a wage comparable to a basic job in industry?
1429. How to cite lecture notes? (and should I even do this?)
1430. Advisor professor asking me for the source code of my dissertation in order to be

used by another student

1431. I have an undergraduate degree and no research experience -- how to begin now?

1432. My paper was under review for two days and now is 'Awaiting AE Recommendation'. What does this indicate?

1433. Are relationships allowed between students and faculty?

1434. Is it possible to ask the professor to check assignment before submitting?

1435. What are the caveats in pursuing a PhD mainly for fun?

1436. Why are examinees often not allowed to leave during the start and end of an exam?

1437. Should I give professor gift at the beginning of my PhD?

1438. Does having an article retracted due to professor's ethical misconduct mean my career is over?

1439. What to write in email to potential PhD advisor?

1440. Dressing etiquette for interviews in academia

1441. How can I recover professionally from being a crank?

1442. How to properly reply to regret email for PhD application?

1443. What can I do to recover from a short term burnout?

1444. What is the scientific term for a "research gap"?

1445. Will my cancer ruin my chances of going to graduate school in math?

1446. What's the difference between a Doctor of Computer Science and a Ph.D. in Computer Science?

1447. Accused of cheating on masters final; afraid that appeal will bring retaliation (ruining PhD applications)

1448. Does the International Math Olympiad help research mathematics?

1449. Parents attending thesis defense?

1450. Can I force my professor to give me a copy of his powerpoint presentation?

1451. How do some researchers have such beautiful figures in publications, while their homepages look simple?

1452. What is the consensus of IntechOpen, open access books, are they predatory?

1453. How to respond to a student complaining about not having enough time on exam?

1454. Placement of period in sentence that ends with "et al." followed by reference number?

1455. What to do if reviewers reject a paper without understanding the content?

1456. Are non-citizen Muslim professors and students going to be removed from US universities and subsequently deported by Trump's ban?
1457. What to do if a referee plagiarises the result after rejecting a paper?
1458. A few students requesting to cancel lectures due to their personal reasons. What should I do?
1459. Is it possible to ask offers of admission to extend the deadline?
1460. What is (S'73-M'76-SM'81-F'87) in author biography?
1461. Do I have any obligations to my PhD supervisor's requests after I have graduated?
1462. How do I cite an image from wikicommons in my thesis?
1463. What to do when there is 'full-text request' in ResearchGate.net
1464. Is it a good idea to submit paper which is shorter than conference's page limit
1465. Why don't some U.S. colleges celebrate American national holidays?
1466. Is it legal (USA) and ethical to use international edition textbooks? When I pay for a textbook, where does the money go?
1467. How to deal with "too descriptive" comment in dissertation proposal feedback?
1468. Can my Specialist degree be equalized to Bachelor degree?
1469. Is this violation of academic integrity if I ask a question on Github public repository and post it as an issue?
1470. Should you recuse yourself from the hiring committee if you have had a past romantic relationship with an applicant?
1471. PhD Student : Publish Paper with Wife?
1472. Is it appropriate (as a PhD student) to email other researchers asking about some details in their papers?
1473. How to format multiple authors name, affiliation and email in a paper?
1474. Is it advisable to contact a professor if I fear failing a graduate-level course?
1475. Which part of the GRE is more important to admissions committees?
1476. What is considered appropriate women's attire for a PhD interview in Germany?
1477. how to write a cover letter for Canadian student visa application?
1478. What distinguishes top researchers from mediocre ones?
1479. Is it good to finish a PhD fast?
1480. Double PhD: is it really worth it?
1481. I Plagiarised, what punishment can I expect?

1482. How honest should I be in disclosing not-so-exciting results?
1483. Is it easier to obtain H1B / green card as academics in the US?
1484. What are the goals and benefits of doing a PhD?
1485. Can I pursue a PhD while working as an Instructor/Lecturer?
1486. Am I being exploited by my supervisor?
1487. Can I still publish a paper in an IEEE transaction journal after uploading it to the arXiv?
1488. Re-using text from a grant proposal in a paper (or vice versa)
1489. Are there any journals that pay reviewers?
1490. How can I find images to use in my thesis that are free/unrestricted by copyright?
1491. What should I do if an academic says "no pronouns please" in their bio?
1492. How to phrase potential contributions in thesis proposal?
1493. I accidentally submitted a plagiarized essay, and have been called to a meeting about it. What should I expect?
1494. Are there US universities that do not need GRE and TOEFL score for admission in PhD in Mathematics?
1495. Is it inappropriate to tell my students to check their school email?
1496. Why are the German professors addressed as Prof. Dr. XXX?
1497. If a paper is accepted as a poster, must you attend the conference?
1498. Should I cite all R packages I used?
1499. Why am I getting rejection in PhD admission after interview?
1500. How can I complete the prerequisites for Masters in Computer Science on my own?
1501. What do you do with graduate students who don't want to work, sit around talk all day, and are negative such that others don't want to be there?
1502. Is it ok to write back when no response has been received from a postdoc application?
1503. What should PhD students do if they submit a paper to two journals and a reviewer notices concurrent submission?
1504. What happens to unproductive professors?
1505. How can I answer the question "what do you hope to achieve during your studies at University X?"
1506. Supervisor refuses to be included as a co-author in PhD student papers?
1507. Which review recommendation should I give to maximize the likelihood that a

manuscript is rejected?

1508. Is it reasonable to have concerns about the recognition of Russian degrees given the war in Ukraine?

1509. What's the difference between cover letter and application email?

1510. Is it possible to keep publishing under my professional (maiden) name, different from my married legal name?

1511. The etiquette of leaving a faculty position

1512. Do professors get paid for supervising students?

1513. Generally, can a recent PhD graduate have too many peer-reviewed academic journal articles?

1514. What is expected of a postdoc?

1515. Parts of my e-mail address can be seen as controversial in Western countries. Can this affect my Ph.D applications?

1516. Is it acceptable to use mainly websites in a literature review?

1517. How to handle possibly subtly flirtatious emails from students?

1518. U.S. grading system: Why discrete grades?

1519. Can I submit an unofficial TOEFL score report if the official one won't be received by the university before the deadline?

1520. How to decline a potential PhD supervisor?

1521. Paper status with Associate editor after Under review

1522. What good is engineering research with no practical relevance?

1523. Why doesn't the academic year start on January first?

1524. What should I (a professor) do if a student keeps answering other students' questions before I start explaining?

1525. How can I deal with students that are too sensitive when they are wrong? Particularly when they answer simple questions incorrectly during class?

1526. Is it appropriate to use the word "like" in a research paper?

1527. How to tell a professor at a foreign university politely and impressively that I can't cover the costs of living for my PhD?

1528. Why are low pass rates (below 50%) for exams considered acceptable in Germany?

1529. How do I talk about my abusive former advisor if people ask?

1530. Why do people do postdoc(s) when they can already do research as a professor?

1531. Is it ethical to withdraw a paper after acceptance in order to resubmit to a better

journal?

1532. How do I gain back my faith in my PhD degree?

1533. Is it true that 'nice' professors fail to produce good students?

1534. Why is it acceptable that publishers sell papers they didn't pay for?

1535. I have been accused of copying two lab reports from the previous year even though I had done everything by myself

1536. How to respond to "unfair to write English" comments?

1537. I'm an international PhD student getting kicked out from my research group. I really need a PhD. Any advice?

1538. What is the purpose of women-only meetings, panels, conferences, etc. in academia?

1539. Should all subsections of a paper start on a new page?

1540. Requesting raw data from previously published research

1541. Should I cite R or RStudio?

1542. Should I report an accepted PhD thesis in which the literature review is copied verbatim from sources?

1543. Should the first letter of the axis label be uppercase?

1544. Can an international PhD Student in Australia make a living with an APA scholarship and 8 hours teaching work per week?

1545. How can you best answer when a Scholarship proposal asks for your objectives?

1546. Do admissions care how close a TOEFL score is to the minimum?

1547. What is a reasonable percentage salary increase for tenure and promotion

1548. Is it appropriate to follow up on a faculty application?

1549. How to deal with a professor who grades assignments and exams incorrectly

1550. Should I reward points for an incorrect answer if it is the result of misinformation presented in a TA's office hours?

1551. Accused of Cheating during an online exam

1552. My paper is being cited in vaccine misinformation. What do I do?

1553. My advisor said that I should be more modest, and we should meet more often. Should I tell him about my impostor syndrome? If yes, mail or personal?

1554. How to approach experts to get feedback on a paper

1555. Should I introduce myself to my supervisor via e-Mail or set up an appointment to introduce myself?

1556. How should students react to inaccuracies in professors' teaching without

causing resentment

1557. I got the same referee report from two different journals

1558. Can a department revoke a degree, once granted by the university?

1559. Is it ethical to submit a paper with the name of a co-author who cannot be contacted?

1560. A PI gave me 2 days to accept his offer after I mentioned I still have another interview. Is this normal?

1561. Can I bring a spouse along for a conference?

1562. Is it professional for a professor to ask "surprise" questions on a test?

1563. How can a researcher improve his contribution to society?

1564. A professor has offered to send me a hard copy of his new book. Would it be rude to ask for a PDF file instead?

1565. Is it ok to go on a swim with your colleagues while on a conference?

1566. What Plagiarism level of master thesis is acceptable?

1567. Is there any general consensus that either Elsevier or Springer is viewed as more prestigious for publishing in engineering?

1568. Is generic "thank you" email a waste of time in academia?

1569. My friend listed my name as a co-author on two journal papers without my permission

1570. How do I cite RFCs?

1571. How to reward students for learning from mistakes without penalizing those who didn't make mistakes in the first place?

1572. Why are most cranks old men?

1573. How do you respond when students submit the wrong assignment, but you only notice after the deadline has passed?

1574. When does a paid research assistant become a co-author?

1575. Is it ethical to omit the PhD credential from my resume?

1576. Is it fair that a PhD student should be allowed to review a research paper?

1577. How to help reduce students' anxiety in an oral exam?

1578. How to determine if an institution is a research or teaching university in the United States?

1579. How to write a teaching statement without any classroom teaching experience?

1580. Why are [some] professors ambiguous about material that is actually tested on exams?

1581. Clarification needed: Job market paper

1582. How to cite where names are not of [firstName lastName] form, in particular patronymic?

1583. Length of a master's thesis and its literature review?

1584. Accidentally leaked the solution to an assignment, what to do now? (I'm the prof)

1585. What do I do as a depressed and incompetent TA?

1586. Is having your hand in your pocket during a presentation bad?

1587. What is a Brown Bag Seminar?

1588. What does affiliation (for a publication) signify?

1589. How to write a letter to an editor for pointing out needed corrections in my submitted journal manuscript

1590. What is a graduate research assistantship?

1591. How to keep and organize a research journal/log/diary/notebook?

1592. I ghosted my previous supervisor for 15 days. How to improve my situation?

1593. Is it inappropriate for a student to attend their mentor's dissertation defense?

1594. What does cfr. stand for?

1595. Going back to university after suspension, how do I move past the shame?

1596. I used a solution that I happened to already have on my laptop on an exam. Did I cheat?

1597. How do academics make money from applying their research?

1598. Teacher takes pictures of students during exams and posts them on social media

1599. How should I list presentations given at workshops on my CV?

1600. What should I do when my accepted paper is subsequently rejected?

1601. Is it worth publishing a book chapter through InTechOpen open-access publishing?

1602. How do university professors earn money beyond their salary?

1603. Getting a W on your transcript for grad school applications

1604. How to handle a paper by a reviewer who wants to be paid?

1605. Is it better to request a recommendation letter in person after class or by email?

1606. What's the shortest "acceptable" postdoc length?

1607. should your CV include unfunded grant applications?

1608. How to respond to a company that wants specific details on implementation of my PhD research?

1609. Is it better to have a single-author paper or a joint-authored paper?

1610. How frequently can you ask for a personal reference without being disrespectful?

1611. I have been asked to change the review I gave to a paper

1612. Reasons for an academic to need administrator rights on work computer

1613. Should conference papers be counted as publications?

1614. Do Australian academic jobs have similar tenure track policies as USA?

1615. How was this weird paper accepted?

1616. How to handle requests for a race-based exam structure?

1617. Are 16 schools too many for a professor to provide recommendation letters to?

1618. What's the difference in responsibilities between a committee member, a co-advisor and an advisor in an PhD committee?

1619. Nature Communications and Nature subject journal differences from Nature

1620. When should I stop including talks on my cv?

1621. Dean will not tell me what upcoming meeting is about. What do I do?

1622. Is it typical to work 60 hours per week as a PhD student?

1623. (Master's Degree) What are they 'precisely' looking for in a Statement of Purpose, and does a SOP matter when one has excellent GPA?

1624. If transitioning into academic position, should I buy my PhD graduation cap and gown?

1625. First author doesn't want a co-author to read the whole paper

1626. How to deal with the frustration of doing PhD at a low-ranked university

1627. Dissertation acknowledgements

1628. Can you cite other master's theses when writing your own?

1629. Should you justify or left-align text when writing?

1630. I left college in the last semester (did not finish), but the college "transferred military experience to credits" and gave me a diploma. Normal?

1631. What should I do if actually I found a serious flaw in someone's PhD thesis and an article derived from that PhD thesis?

1632. Just missed grad school application deadline..what can I do?

1633. Misunderstood exam question with consequences for incorrect answer

1634. Is it appropriate for an undergrad student to ask a professor to sign a non-disclosure agreement?

1635. My master's thesis' results will be published without my consent. What should I

do?

1636. Is an MS in computer science helpful in improving programming skills?

1637. Should I cancel an interview if I already have a preferable offer?

1638. When citing a paper with a lot of authors; is it OK to shorten the author list in the references section?

1639. What are some examples of famous scholars with low h-index?

1640. Is it beneficial for the applicant to mention other universities she is applying to?

1641. How to reference organizing conference symposia / panels on CV?

1642. Where should I host a (simple) personal academic webpage?

1643. Should I prepare new homework exercises each year, 20% of the final grade is homework?

1644. As a Muslim student, how to refuse to shake the opposite sex's hand without offending them?

1645. Who cares about your PhD thesis?

1646. How to deal with unnecessary stress introduced by the supervisor?

1647. Would it be rude to ask a famous professor who doesn't know me personally for a recommendation letter if I have published in a high ranking journal?

1648. Should I warn new/prospective PhD Student that supervisor is terrible?

1649. Is it common for an undergraduate thesis in pure mathematics to prove something new?

1650. The overwhelming silence in shy classes

1651. How does PLOS ONE maintain its impact factor?

1652. Found a severe error in a conference paper after presentation but before the proceedings

1653. Should I notify a med school about their student's cheating history?

1654. How to approach American English vs. British English spelling in a paper?

1655. Etiquette for sending another email after the first one went unreplied

1656. How would I go about doing a PhD after an M.Eng in Biomedical Engineering?

1657. Professor didn't write a letter because I didn't waive my right to view it. How to let him know that I have changed this?

1658. Leaving academia at 39

1659. Why do researchers need universities?

1660. What is the best way to deal with cranks?

1661. Is it wrong to start your abstract with a question?
1662. Inadmissible theorems in research
1663. Ethics of staying in PhD program with no intention of being an academic, and misleading my advisor about this
1664. My professor is not teaching his online course himself, but uses publicly available videos instead. Is this appropriate?
1665. Why is it unethical to share the contents of an exam with students who haven't taken it yet?
1666. What exactly does it mean to say that a conference is "peer reviewed"?
1667. Asked again to review a paper, when the authors don't wish to modify it
1668. Is it legal to upload a paper to arXiv when it is under double blind review for one of the IEEE journals?
1669. Why do lecturers not just assume all students have read the book?
1670. Is it considered normal to publish job offers inviting candidates to apply based on their gender and/or race in academia?
1671. Applying for grad school without undergraduate background
1672. Whether to use Dr or Prof when addressing oneself in an email?
1673. Is it fair to desk-reject a manuscript because it breaks relativity?
1674. I know that there is a preselected candidate for a position to be filled at my department. What should I do?
1675. Asking questions in class: how can I "exit" a Q&A when I haven't really understood?
1676. The professor for one of my classes has no direction
1677. Are course grade distributions supposed to be bell shaped?
1678. What should be done when the theory behind a PhD thesis turns out to be wrong?
1679. Should a teacher be able to solve all the assignments they give their students themselves?
1680. How do universities verify your native language?
1681. List of reputable open access journals
1682. Final report rejected, institution asked to return funding and prosecute my supervisor
1683. Dedicating PhD thesis to my Dad who recently passed away
1684. Supervisor does not allow use of commercial software for student project, against student's interests

1685. How do I deal with a candidate mentioning God twelve times in their application?
1686. Do I have to cite common CS algorithms?
1687. How should a faculty deal with the problem of Artificial Intelligence (AI) generated texts?
1688. As a Head of Department, how can I make my faculty happier?
1689. Tattoos in the Workplace
1690. Is it a good or bad idea to list declined fellowships (for a PhD program) on one's curriculum vitae?
1691. How to politely negotiate PhD funding offer?
1692. I'm scheduled to graduate next week but my professor has gone MIA due to a death in the family... what can I do?
1693. Elsevier production team messed up my paper. What should I do?
1694. Why there is "Dr." before name of PhD degree holder?
1695. How to answer the diversity question during faculty interview
1696. Can anyone write a paper and then publish it in a journal?
1697. I keep forgetting what I've learned. Should I even consider pursuing advanced degree in math?
1698. Is it true that almost everyone who starts a PhD and sticks around long enough can get one?
1699. Do I have the legal right to demand information on plagiarism of my work from another university?
1700. Is it plagiarism to copy the form and structure of an article?
1701. How to react when professor wrongly corrects you in public?
1702. Am I reading enough of the scientific literature? Should I read for breadth or depth?
1703. Better to give a poor/unfinished talk at a conference or cancel it?
1704. Lecturer with anxiety. How to survive in academia?
1705. Experiences with Scientific Research Publishing (SCIRP) journals
1706. Is there any way to post my code on Code Review Stack Exchange and not be worried about plagiarism?
1707. Is it unreasonable to change the rules of a quiz/exam one week in advance?
1708. Did I cheat on an exam by knowing a solution in advance?
1709. How to handle a PI who constantly threatens to kick me out of their lab?
1710. I think I may have violated academic integrity last year - what should I do?

1711. How to deal with supervisor who required me to share all my work with him?

1712. Supervisor ignoring me

1713. Do universities prefer not to hire their own PhD graduates in faculty positions?

1714. I'm unhappy with my Master's. Should I drop out?

1715. How strict are paper revision deadlines?

1716. MS in Mathematics, having trouble finding work outside teaching algebra

1717. Can I get a PhD for developing educational software?

1718. "With editor" status for 2 months: is it normal?

1719. Is it considered cheating to ask a friend or tutor to proofread your thesis before submission?

1720. Error in master's thesis, I do not know what to do

1721. What to check when examining paper proofs?

1722. Is it acceptable to use working hours to read general interest books?

1723. When should one opt for a one-year master's program in the US?

1724. Is it okay that my supervisor insists for me to work from my room at night?

1725. How to attend conferences without funding

1726. How should I admit a teaching mistake without losing authority?

1727. How to react to some students who book an appointment and do not show up?

1728. Given 0s on Assignments with suspected and dismissed cheating?

1729. Is there a way to save my career from absolute disaster?

1730. My advisor stopped formalizing my work, what should I do now?

1731. Student dissatisfied with exam grade: what to watch out for?

1732. PhD student pressured to fabricate data due to bad experiment design

1733. What are the benefits of working as a teaching assistant?

1734. My h-index is very low and I want to increase it

1735. Can I add a poster session to my CV if I wasn't there but had my name on it?

1736. Searching for PhD theses in google scholar

1737. Is there a "Rate my Advisor" type website?

1738. Explaining bad grades in application: SOP or separate letter

1739. I proved a theorem I heard from another researcher. Can I publish my results?

1740. How many referees are required on a resume/CV?

1741. Why does editor reject when reviewers recommend acceptance?
1742. Can I be a good scientist if I only work in working hours?
1743. The position I applied for was advertised as Associate Professor with Tenure, but now they're saying it's tenure-track Associate Professor
1744. Can a professor tell you that you can't use your phone before or after their class?
1745. How do I properly cite during an exam?
1746. Is it right and polite to ask for a free copy of a published paper?
1747. How much time should I spend on reviewing a paper?
1748. Is it appropriate to give a student a "negative grade" (fewer than zero points) for a small portion of the overall grade?
1749. How to query gender in a multiple-choice poll/survey?
1750. Why don't I want to learn anything?
1751. I'm the 1st author of a paper in a top conference in my field, and even then my PhD application got rejected from 5 out of 6 programs, is this normal?
1752. Professor I am working with asked for my code
1753. Is it ethical to award points for hilariously bad answers?
1754. "System", "software", "application" or "tool" – which to use in my paper?
1755. Getting a pet during a PhD
1756. Is it academically dishonest to submit the same project to two different classes in the same semester?
1757. How does one with a B.S. in Mathematical Sciences become a software developer?
1758. Should I admit that I can't find a solution to a math problem?
1759. Copy pasting sentences from abstracts of other papers for describing related work
1760. Dates on degrees don't make sense – will people care?
1761. Responding to "How do you intend to fund your studies for the entire duration of your stay in ...?"
1762. Asking a professor to teach better
1763. How does one go about doing a Ph.D. in Europe as an American?
1764. Changing affiliation on publication
1765. Is it appropriate to request letters of recommendation from professors a second time?
1766. Why are conference papers so important in computer science (CS)?

1767. Was my student being disrespectful by using shouting language in her email to me?

1768. Is my paper under review (or similar) for too long and if yes, how should I react?

1769. What to do when you discover a mistake in the archived copy of your PhD thesis?

1770. A lecturer is hard to understand, what to do?

1771. How to handle a colleague who hasn't pulled their weight

1772. Is it acceptable to report private incident of a PhD candidate to the university

1773. Concerns about a very old PhD advisor?

1774. If you know a family member who is much more qualified and capable in mathematics than you are, should find another field of specialisation?

1775. I'm changing PhD programs, and I got a terrible recommendation letter from my advisor. I found out by accident. What do I do now? I'm shocked

1776. Did I make a mistake in being too honest in the PhD interview?

1777. My paper has not been published because I did not show up for the conference presentation

1778. As an Australian student with a UK citizenship, can I study in the UK?

1779. Panic Attacks during an exam - Can the student be re-tested?

1780. What suggestions should I make when reviewing a poorly written paper?

1781. Is it appropriate for my professor to include gender offensive material that is unrelated to the class subject matter in the course notes?

1782. Should your PhD students call you by your first name?

1783. Academic affiliation: which to choose?

1784. Is PhD worth it when considering your career in industry

1785. Plagiarism of code by other PhD student

1786. Converting URL to DOI

1787. Is it unethical for a professor to misrepresent the format of an exam?

1788. "Due to many requests, the submission deadline has been extended" is this real?

1789. Personal web page vs Academia.edu vs ResearchGate

1790. Do you need to read a whole article before citing it?

1791. Lecturer in a course I'm TA'ing refuses to give feedback on student assignments

1792. PhD at same location as undergraduate?

1793. Letter of Recommendation from an unofficial college email ID

1794. I drunkenly told a professor something fundamentally wrong about a friend's

thesis work. Should I clarify and/or apologize?

1795. Can my undergraduate research thesis be published in a scientific paper? If so, how should I go?

1796. recommendation letter from professor who doesn't know me very well

1797. How to cite GDPR and AI Act?

1798. What can I do about undergraduate students cheating?

1799. Found a major flaw in paper from home university – to which I would like to return

1800. Do newly hired professors have to take a drug test before they start?

1801. How to ask an editor to exclude a reviewer when the reasons are personal

1802. How to deal with a student who insists on getting a higher grade?

1803. My supervisor misjudges my knowledge

1804. How to politely decline a postdoc job offer after signing the offer letter?

1805. Why do most American universities offer funded PhD positions but not similar opportunities for Master's programs?

1806. How is it possible that [insert known crackpot] has articles published in Peer-Reviewed Journals?

1807. Should résumés be attached in a mail to a professor?

1808. What's the average retirement age in the universities in British (UK/Ireland/Australia/NZ) system?

1809. How to approach a professor for research?

1810. Is it acceptable to cite people without putting the appropriate diacritics in their names?

1811. Why attend predatory colleges in the US?

1812. What can be done about a disruptive classmate?

1813. Can a professor ask for money directly from students to print out handouts for class?

1814. PhD defense in Germany: How do they decide for the final grade?

1815. How to display your own name in publications list when you are a middle-author on a publication with a large number of authors?

1816. Examples of successful push-backs against DEI (diversity, etc.) initiatives in academia?

1817. How to toughen up against hostile students as a TA?

1818. How to remove citations from Google Scholar profile?

1819. What is the reason that once a student has passed a university course, the

student cannot take the course again?

1820. How should I include a list of links in my thesis?

1821. How to contact the Department Chair or Graduate Program Director?

1822. Is it normal that a peer reviewer would ask for an executable file in order to check my results?

1823. More than one corresponding author for a paper?

1824. What is the purpose of "issues" and "volumes" in journal publications in relation to DOIs and citations?

1825. What should you do if you spotted a non-trivial error in a highly cited paper?

1826. Misgendered by senior academic in email to people I don't know

1827. PhD student, issued contract at year 3 which will sign over intellectual property. Is it legal?

1828. What questions should one ask to the former/current students of a professor before deciding whether to do PhD under him/her?

1829. What does "author title" mean in a manuscript submission system?

1830. Is it advisable to put entire source of my thesis up on GitHub?

1831. My new advisor didn't reply to my email, is it a sign that she doesn't care?

1832. Examples of harmless mistakes (on purpose) in submitted papers

1833. How frequently do pre-tenured assistant professors switch institutions?

1834. Is it possible take take part in a research project if I'm not a part of a university?

1835. Is it possible to be admitted to a Master's program after not completing Bachelor's degree due to academic dishonesty?

1836. What does this Elsevier revision report mean?

1837. Where can I do a research paper or thesis without enrolling in a college or university?

1838. Is it unethical to take a photograph of my question sheets from a sit-down exam I've just finished if I am not allowed to take them home?

1839. What is the correct APA citation style with two places and two publishers

1840. How to reply to students' emails that show anger about their mark?

1841. Is it socially acceptable to directly contact renowned academics as a student?

1842. What is the best practice to deal with students who sit in the back and laugh at other students' questions?

1843. Is it OK to refuse to cite paywalled papers?

1844. Is it true that people willingly provide their articles that were published in journals?

1845. Is a business card necessary for a graduate student?

1846. What are your thoughts on epigraphs in theses?

1847. Is it unethical to expect one's PhD students to work after graduation without compensation? Should graduates ask for compensation for work?

1848. Dropping a course as a master's student

1849. What to do with students coming to office hours asking to check their homework?

1850. A reviewer rejected my paper stating that in my work a significant amount of text was from other publications. Am I allowed to argue back?

1851. Student continues to email me after I told him I would not regrade his paper. Do I need to reply?

1852. For what reasons might a full professor lose tenure?

1853. What are the best questions to ask a PI upon the first meeting to join some of his projects?

1854. I have only one name shown in my ID card. How do I write my name (surname) in research paper or article?

1855. Am I allowed to share a final copy of my published paper privately?

1856. Someone plagiarised my entire paper. What should I do now?

1857. What is Summa cum Laude and how do you get it? (USA)

1858. What corrections can you make on galley proofs?

1859. Should I recommend a student with a bad ideology?

1860. How to select a dissertation committee member wisely?

1861. Benefits of doing Part III at Cambridge (Pure Math) for US PhD applications

1862. Why are high pass rates for courses considered acceptable in the US?

1863. How should I phrase an important question that I need to ask a professor?

1864. My adviser wants to be the first author

1865. How to write an effective but very gentle reminder email to supervisor to check the Manuscript?

1866. "Academic time": why is 110 minutes called two hours?

1867. Is it correct protocol to thank your committee members in a PhD dissertation?

1868. How to explain a bad grade to a delusional student?

1869. Uploading articles to Google Scholar

1870. How to deal with students who lose their digital work?

1871. What does recommended for acceptance mean?

1872. What to do about a student whom I suspect of having plagiarized but who claims not to have?

1873. Advisor threatening to pull his name from accepted paper that I submitted without his knowledge

1874. Will submitting to mediocre journals (MDPI) hurt me in the long term?

1875. Advisor asked for my entire slide presentation so she could give the presentation at an international conference

1876. Is the usage of "vice versa" appropriate in academic writing?

1877. Stay in academia or become professor without overworking, is it possible?

1878. Is a thesis a publication?

1879. If you want to do a PhD in mathematics, how important is it to start immediately after finishing undergraduate studies?

1880. What to tell students who want to know how to succeed in your class

1881. PhD interview - short (!) presentation

1882. Why does arxiv.org not assign DOIs?

1883. I got a paper to review from a journal that had rejected my earlier works, how to respond?

1884. What to do if I cannot complete my Masters dissertation tasks?

1885. Is it ethical to make an anonymous referee realize we know who he is?

1886. What should I do as a TA if the instructor is not teaching properly?

1887. Is it appropriate to bring coffee and cookies to a PhD defense?

1888. Is it okay to print an ebook downloaded online?

1889. How to ensure that a reference letter is sent on time if not knowing the reliability of a referee?

1890. How to react to a student's panic attack in an oral exam?

1891. Citing paywalled articles accessed via illegal web sharing

1892. Job market after PhD in Human Computer Interaction (HCI)

1893. Is excluding my middle name on a graduate application acceptable?

1894. Is a second PhD ever necessary?

1895. Should I warn colleagues of another colleague's sexism?

1896. Why do many graduate programs in mathematics (United States) still have foreign language requirements today (in 2010s)?

1897. Mentor says I cannot be first author of my paper because I am an undergraduate

1898. Is there an open source tool for producing bibtex entries from paper PDFs?
1899. Purposeful fail - effect on Master's admission
1900. Why add a minor to a PhD?
1901. Math Major and Grad School -- Necessary?
1902. Untrue negative comments on RateMyProfessor website
1903. When do you expect to hear back from NSF (DMS)?
1904. How to cite the same source multiple times in a row IEEE
1905. Graduate school admission: what is the point of having a waitlist of size 50 while intending to eventually offer a position to only a few applicants?
1906. Is a request to book a business flight ticket for a graduate student an unreasonable one?
1907. I've been wrongfully accused of plagiarism. What can strengthen my case?
1908. How do I know if I am truly prepared for graduate school in mathematics?
1909. Why don't I see publications criticising other publications?
1910. Why do professors obfuscate their email addresses on their websites?
1911. A student who asked me to write a rec letter seems to have committed academic dishonesty in my class, what do I do?
1912. Another PhD student is going to present my research
1913. Would it be acceptable to occasionally sleep at the lab?
1914. Being overqualified as a barrier for getting a job
1915. Don't want someone else to continue on the topic of my thesis
1916. Is it possible to give too much praise in a reference letter that supports a green card application?
1917. Abbreviation of Doctor of Philosophy: PhD or DPhil?
1918. I am interested in retracting my old journal articles. Would it have any negative effects on my academic career?
1919. What to select for "type of source" for a paper in Microsoft Word?
1920. Should I quit my PhD after 4 months?
1921. How to reduce a paper's size for a page limited conference?
1922. My supervisor uses my scientific jokes and metaphors in his talks. What's a healthy way to deal with this?
1923. How to handle an interview out of my league
1924. Is there a point in pursuing a PhD outside of top universities?

1925. My supervisor is making me work on something that is not my PhD project. What should I do?
1926. Should non-native speakers get extra time to compose exam answers?
1927. What are some way to give praise to a professor without resorting to flattery?
1928. Are UK faculty salaries in computer science low compared to salaries in United States?
1929. How much is an editor paid?
1930. Should my PhD thesis be submitted under my legal name?
1931. A professor commented that my research is too simple as compared to my colleagues. What does that mean about my future prospects?
1932. Can a professor accuse a student of cheating on an exam without witnessing it firsthand?
1933. How serious is plagiarism in a master's thesis?
1934. Should I send an email to authors of a paper I enjoyed reading?
1935. Gift for mentor after his thesis defense?
1936. What does a PhD Committee do?
1937. How should a teaching-assistant deal with an angry student?
1938. What style questions should I ask potential graduate students interviewing for positions in my lab?
1939. Should I email my professor to clear up a (possibly very irrelevant) awkward misunderstanding?
1940. How many papers are expected a PhD student to write in order to be accepted on postdoc programs?
1941. Advisor refuses to let me get my Master's after my thesis defense
1942. Is it advisable to apply to graduate programs after the deadline has passed?
1943. Is it appropriate to ask the professor a trick question?
1944. How can i cite a kaggle dataset in ieee conference paper?
1945. Co-author uses ChatGPT for academic writing - is it ethical?
1946. How do you add two independent master's degrees to your name?
1947. I have deep desire to study Physics after I graduate from Computer Engineering; want to know if I have what it takes to be successful in this field
1948. Is it ethical for a Professor to disseminate wrong answers online?
1949. Can I cite a URL only instead of author, title, etc. in a research paper?
1950. How to write a reference request for a candidate that I see unfit for the

application?

1951. Asking 'silly' questions to doctoral supervisor

1952. Can I be a lecturer without doing research?

1953. How to present projects that will soon be published on CV?

1954. What does the term "camera-ready" mean and why is it used?

1955. Why is my mood dictated so much by how well my research is going?

1956. Is it acceptable to put the blame on an instructor during an oral exam for a mistake?

1957. What's the difference between regular (aka full), position and short papers?

1958. Is changing some words plagiarism?

1959. Questionable peer review practice in top-tier journal

1960. PhD Advisor Slander to Postdoc PI

1961. I got admitted to a PhD program without a master degree. Does it hurt when I apply for a postdoc?

1962. How to deal with people judging your 'overproductiveness'?

1963. Colleague stole my work and is publishing it as his own; my PhD supervisor supports him; I got the paper to review. How to proceed?

1964. Is it possible to have a healthy work-life balance as a professor?

1965. How should I react to seeing another student cheat on an exam?

1966. What are the ethical implications of lying to get into a course?

1967. Why are academics not paid royalties on published research papers in IEEE, ACM etc.?

1968. How should I handle poor English in reviewing an article that claims to be proofread by two native English speakers?

1969. How to ask a professor to supervise my undergraduate thesis research?

1970. Writing ads to attract female PhD candidates

1971. How do I email my professor about assigning me to a group?

1972. Preprint services other than arXiv (for other fields)

1973. What is an effective way to copyright my teaching material?

1974. Should I learn to use LaTeX to write up a History Masters Thesis?

1975. How to deal with an abusive advisor?

1976. How can I make my papers available on Sci-Hub?

1977. Why are some professors critical of even casual use of Wikipedia?

1978. To enroll in to a PhD Program at the age of 65
1979. Failing PhD, how to go forward?
1980. How to ensure a research idea has not been explored previously
1981. How should I reply to an email from a student who took a test and failed, and promises to do better?
1982. How to politely respond to generic emails requesting a PhD/job in my lab? Without wasting too much time
1983. Avoiding "Zoom bombing" in virtual conferences and seminars
1984. Conference fee and travel costs for invited speaker
1985. Is education in Europe really this cheap?
1986. Is it common to have a personal copy of one's own PhD thesis?
1987. Making sense of PhD Transcript
1988. Is it considered a self-plagiarism to reuse (published) abstracts for talks?
1989. Should I get a letter of recommendation from my mother, who is a famous researcher in my field?
1990. Is a university that grants me a PhD for \$1000 and a copy of my unpublished book fake?
1991. Should I explain that I cannot finish my current master due to religious discrimination when applying for another graduate program?
1992. How long between the acceptance and proof correction of Elsevier?
1993. Left a PhD for a second one from which I got fired. What to write in the CV?
1994. Test answer rejected for saying more than asked for
1995. What to answer an author asking me if I reviewed his/her paper?
1996. How should I address my two supervisors (one man, one woman) in an email?
1997. Mistook new faculty member to be a student, how big a faux pas is it?
1998. If I ask a question that turns out to be something basic I'm missing can it damage my reputation?
1999. Student keeps asking about attendance policy
2000. How can I decline the request to help a fellow student cheat?
2001. How do you write an acknowledgement section without having anything to acknowledge?
2002. When should a professor recommend a student drop out of college?
2003. Which ACM copyright license to use?

2004. My advisor wants me to quit the program. What should I do?
2005. Should recommendation letters mention a candidate's weaknesses?
2006. Am I Part of a Failing Group?
2007. Can you cite a workshop or conference in a paper?
2008. In teaching, what are the advantages of using slides over doing board work?
2009. I witnessed massive cases of corruption and cheating in my university. Now what?
2010. Double blind peer review when paper cites author's GitHub repo for code
2011. Who Owns the Publishing Rights of my Ph.D. Thesis?
2012. How do I help my friend who went down the path of crankery?
2013. What is the difference between a literature survey and a conceptual paper?
2014. Students using the same flawed online solution sheet as the grading TA
2015. I "lost" a paper: what can I do?
2016. How to avoid a hostile takeover of first authorship during medical leave?
2017. Is it possible to publish a research paper as an independent undergraduate author?
2018. A professor I know is becoming head of department, do I send congratulations or condolences?
2019. Professor says, "I am an especially harsh grader". What does that mean?
2020. Are college students forbidden from sharing their grades with other students?
2021. Why do academics drink so much coffee?
2022. References in statement of purpose
2023. How to check how fast the review and publication process in a journal
2024. How can I tell my advisor that I'm not going to work for free?
2025. How to proceed when a mathematical result contradicts existing literature?
2026. Is it impolite to not reply back during the weekend?
2027. Why use version control systems for writing a paper?
2028. Lost respect for advisor. How to complete PhD?
2029. How to judge a Ph.D. applicant that arrives "out of thin air"
2030. How do I go about publishing a paper without a university affiliation?
2031. Ethical concerns regarding the review of a paper on autonomous armed drones
2032. How to format code for IEEE Journals
2033. Awaiting recommendation will take how long time?

2034. Editor assignment pending after "review competed"

2035. What are the legal and ethical implications of "padding" pay with extra hours to compensate for unpaid work?

2036. Comparing a career in medicine vs. medical research?

2037. Why do major international universities still have courses in languages other than English?

2038. What does overhead rate mean?

2039. What physical contact, if any, is acceptable between a supervisor and a student?

2040. Is there any way to automatically link in-text citation to individual references on the reference list?

2041. I believe my advisor doesn't think I am smart. How should I deal with this?

2042. Why doesn't the university give past final exams' answers?

2043. How to cite a github repository that I used for data collection (research paper)

2044. Use of words like "herein" in research articles

2045. Should I cite an article that I can't find?

2046. Why are PhD salaries so low?

2047. What should I do if I found a citation error in a published paper?

2048. Is it ethical to buy noise canceling headphones with research funds?

2049. How to ask what my salary will be for German PhD position

2050. As a self-learner, what to do with books providing exercises but not solutions?

2051. My research work stolen and published as his own by the co-author without my consent

2052. What exactly counts as an 'unofficial transcript' for graduate school admissions?

2053. Students admit illicit behavior in private communication: how should I proceed?

2054. Contacting professors about research: if they don't respond to my emails, how long should I wait to follow up?

2055. I absolutely hate my PhD and I don't understand the purpose of it

2056. Can't prepare lesson material. Should I cancel class?

2057. Is it possible to get IRB approval after the fact?

2058. Journal published a paper, ignoring my objections as a referee

2059. Why do people do a postdoc, rather than getting another PhD?

2060. Wrong PhD better than no PhD?

2061. Should I decline a PhD offer due to writing problems?

- 2062. Misguided use of offensive figures in student presentations
- 2063. What is the real benefit of tenured positions for universities?
- 2064. Should a TA point out a professor's mistake while attending their lecture?
- 2065. Phd Advisor with Apparent Mental Deterioration
- 2066. How much detail to include for an award listed on a CV
- 2067. What is the point of being the head of the department?
- 2068. Is it appropriate to contact professors after application submission?
- 2069. Thesis writing style: when to italicize?
- 2070. Does being a top-tier university always imply unhealthy graduate student environments?
- 2071. Professors/Teachers only replying to part of my email
- 2072. What are the long-term advantages of a US PhD compared to Europe/Oceania?
- 2073. I used ChatGPT to polish my essay, what are the consequences?
- 2074. Computer science degree vs. post-bachelor computer science certificate
- 2075. What are some of the starting phrases that I can use while responding to Ph.D examination committee questions during my defence?
- 2076. Tutoring is depressing because my students are struggling too much with my exercises. What do I do?
- 2077. What do students mean by "makes the course harder than it needs to be"?
- 2078. Are there instances where citing Wikipedia is allowed?
- 2079. How do I cut ties with a bad supervisor?
- 2080. Good practices for organizing notes
- 2081. Resubmission of paper has been "under consideration" for 30 days. Request update?
- 2082. Graduate student with abysmal English writing skills, how to help
- 2083. Accused of plagiarism in my master thesis, which I submitted two years ago. What now?
- 2084. What should I do if my parents are forcing me to study a career I don't want?
- 2085. Should I reply to a university admission offer email?
- 2086. How does it look if I finish my PhD in five years instead of four?
- 2087. What careers not requiring an academic degree might be open to a self-learner who wants to do research on pure mathematics?
- 2088. Should you correct grammar mistakes during peer review?

2089. What percentage of a professor's salary is paid for by tuition?
2090. I uploaded my test questions to a website (so I could cheat), but then thought better of it and didn't use the answers. How to proceed?
2091. What is behind the "Indian Undergrad Research Experience"-spam?
2092. Salary chart interpretation: "M.A" vs "60 Units includes MA" vs "M.A. plus 35 Grad Units"
2093. What are "fake", "shady", and/or "predatory" journals?
2094. Got stuck with overambitious master thesis
2095. Has anyone failed coursework requirement and got terminated from PhD program?
2096. How to submit 'teaching evaluations' for a job application?
2097. Under what circumstances would a University revoke a student's degree?
2098. How long does it take for a recruiting process to finish?
2099. How to withdraw an under review manuscript from a journal when you decide you want to submit to another journal with a higher impact factor?
2100. How to write a good PhD literature review?
2101. Any data for average number of papers per year at different career stages?
2102. What are the super cool tricks to getting published in high impact journals?
2103. Best-practice models for "research" code?
2104. Appropriate/smart ways to decline students' requests of "begging for better grades" at the end of the semester without being too hurtful
2105. How important is an (Honors) undergraduate thesis to graduate school admissions?
2106. What are some metrics to rank conferences?
2107. How common is it to write out a script for a talk? What are the benefits?
2108. Submission on hold on arxiv
2109. My manuscript status says that one referee sent a message but not a report
2110. I grade exams together with a colleague but disagree with their grading. What should I do?
2111. How difficult is a PhD Program?
2112. WCAM speaker invitation: scam, and how does it work?
2113. Is it okay/common practice to reuse reference letters?
2114. Should I withdraw a paper from arXiv if it does not contain any new research?

2115. I have made my independent research available as a book on my website. Why is it not celebrated by the mathematics community?
2116. Colleagues don't congratulate me or cheer me on when I do good work
2117. I found published results of my mentor to be wrong. How to tell her?
2118. Showing research experience in graduate applications
2119. Is it acceptable to mark off or comment on someone's presentation based on their non-standard English accent?
2120. Is it fair to punish absent students with a one-question exam?
2121. In practice, how secure is a tenured position in the US?
2122. What to do when majority of the students do not bother to do peer grading assignment?
2123. Should I be an author on another PhD student's paper if I went to their meetings and gave advice?
2124. As a PhD student, should I attend group meetings when they just make me feel bad?
2125. Manuscript status "Submitted to Journal" over a week in an Elsevier Journal
2126. How hard do early-career academics in the United States work, really?
2127. How ethical is the practice of including spouses as co-authors when they are in the same field?
2128. My advisor wants me to make my PhD thesis weaker
2129. Can a PhD supervisor take unpublished ideas from a student's dissertation?
2130. Student wants to show everybody how much he knows
2131. How to deal with a nosy fellow graduate student?
2132. I made a major (criminal) mistake in college and the whole faculty knows about it, but I graduated. Might they admit me for grad school?
2133. Referee wants me to add a plot – because the paper has none
2134. How useful is studying MSc Computer Science in Switzerland?
2135. How to move forward following an unpleasant situation with colleagues?
2136. Saying no to student requests for excessive appointments and help solving homework
2137. What degrees are higher than a PhD?
2138. Nice vs. ugly numbers in homework and tests
2139. Outsourcing trivial authorless work
2140. Is it a valid concern that a PhD student runs out of research ideas?

2141. To stay or leave PhD after having completed 4 years
2142. My student published a preprint of our published paper without me as an author
2143. I reported cheating in an online exam and now I am scared the professor is going to blame me
2144. My adviser wants to use my code for a spin-off, but I want to use it for my own company
2145. Is it appropriate to add a co-author at the stage revise & resubmit?
2146. What to do when you notice that a value in your paper is wrong, once it is accepted but before it is published?
2147. Is there a standard dictionary for referencing English words?
2148. Pursuing a research career in a university without teaching duties, is it possible?
2149. Should I send a "cease-and-desist" letter to ResearchGate?
2150. How to verify academic history and degree?
2151. How should you respond when a professor answers your question with "It's obvious!"?
2152. My research supervisor is asking me to fake results, what do I do?
2153. Inviting someone to co-author a paper
2154. I may have to write a bad recommendation for an underperforming student researcher in the Fall. How to avoid this without being exploitative?
2155. How can I obfuscate my writing style when I review papers?
2156. How can I finish my PhD in the next year when I don't have any interesting results yet?
2157. The advantage of EPS over PDF? And why so many journals ask for EPS alone?
2158. Is it ethical to refuse enrollment of a previously dishonest student if you are the sole instructor for a required course?
2159. A staff member was rude to me in an email and made me look bad in front of other members of the staff. How should I handle this?
2160. Why do American universities cost so much?
2161. One of my group members did not contribute anything and I notified my course lecturer. Did I do the right thing?
2162. I got the following comment from a reputed math journal. What does it mean?
2163. How many people read an individual journal article?
2164. How to get rid of unwanted and annoying co-author?
2165. Taking a course on Pass / No Pass Basis for Grad School

2166. Why is novelty mandatory for a Ph.D. degree?

2167. What if your advisor does not know anything about your research field?

2168. Why pursue a PhD in pure Mathematics?

2169. Why do universities delete professor's personal web pages after they leave?

2170. How to deal with dramatic drop in grade due to strict attendance policy

2171. A professor stole my dissertation topic. Now what?

2172. Why would a student go to a lecture at all if everything was in the book already?

2173. How to start an academic career after 5-6 years in industry, without an undergraduate degree?

2174. Who is responsible for detecting plagiarism in a PhD thesis?

2175. When to Allow Makeup Exams

2176. Undergrad overwhelmed by a graduate math class

2177. I downloaded articles from libgen (didn't know was illegal) and it seems that advisor used them to publish his work

2178. How to ask professor to let me audit lectures at university I am not enrolled in?

2179. Some of my students cheated. Should I give them the opportunity to turn themselves in?

2180. Is it acceptable for a professor to ask post-doc student to babysit for free?

2181. Postdoc before PhD completion

2182. Consequences of a master thesis with errors

2183. Is it okay for a potential post doc to send an email to professor on the weekend?

2184. Should we translate non-english university names?

2185. As a department head, what to do if a professor leaves without giving out grades?

2186. Can I publish a paper which 1) proposes an idea and 2) proves that the idea doesn't work?

2187. Will declining a research award be problematic for me, or other people?

2188. Where to place tables/figures in APA style dissertation

2189. How to politely respond to a PhD offer follow-up email from potential supervisor?

2190. Why is college tuition high, but academic salaries low?

2191. How to get academic reference for grad school admission if I didn't interact with professors in my online bachelor's degree?

2192. What is the exact meaning of a "Prof. Dr. med. Dr. med. dent. Dr. med. habil."?

2193. Will the PhD degree be retracted if the thesis is found to be not novel?

2194. What did Universities use in lectures before they starting using PowerPoint?

2195. TA talks to others about students, what to do?

2196. what does "Reject (revise and resubmit)" mean?

2197. The IT department bottlenecks progress. How should I handle this?

2198. "Upgrading" PhD

2199. When can asking a question during lecture be offensive?

2200. Can I submit a paper under an alias so as to avoid trouble in my country?

2201. Research publications per capita?

2202. Another student used my completed work, what should I do?

2203. How can I supervise a careless student?

2204. Should I include journalistic articles in my CV?

2205. How much research experience or publications are required to get into a good PhD program in USA

2206. Handwritten presentation slides?

2207. Is LaTeX an implicit prerequisite in Undergraduate Mathematics?

2208. Is one spelling mistake in the academic CV a big deal?

2209. Academic journals aimed at publishing work by high school students

2210. Consequences of submitting a job application close to the deadline

2211. How should I choose which graduate programs to apply to for the PhD?

2212. Is a professor allowed to ask me what grade I got in a previous class?

2213. Is there such a thing as fraud in mathematics?

2214. What does "Revise" mean?

2215. What to wear on one's shoulders to interviews? (bags, backpacks, etc.)

2216. How should I cite a paper on arxiv correctly?

2217. How to handle student plagiarism appropriately?

2218. Are professors paid during sabbatical?

2219. Which GPA (cumulative or major) is more important for graduate admissions in the US?

2220. Just got tenured and promoted, but need to move for family reasons

2221. Paper rejected because 'it did not fit the scope of the journal'

2222. Is it plagiarism for my thesis advisor to publish a paper using content from my thesis without citation?

2223. Is it acceptable for the secretary to have full access to our entire Outlook agenda?
2224. Business cards for graduate students
2225. How to become an Editorial board member?
2226. How to politely decline an interview for a PhD program?
2227. Students not answering emails about plagiarism
2228. Is it right for a professor to assume every CS student has a laptop?
2229. As a new PhD supervisor, how should I deal with taking a student to a wrong direction?
2230. What is the equivalent of "good honors degree" in terms of universities in EU
2231. Article awaiting reviewer invitation 6 months after submission
2232. Is it legal for me to write my thesis in my native English and have it translated to German at the end?
2233. If I drop out of a PhD program, do I have to pay back the university?
2234. Should I list talks on my CV given by co-authors?
2235. What is expected in a masters thesis of a mathematics student?
2236. Why did it become so much more expensive to start a university?
2237. How common is it for a paper to be wrong?
2238. How do you prepare for a meeting with a potential masters thesis advisor?
2239. Where can I find a collection of past exams w/ answers on various subjects?
2240. Can I have a PhD in one field, and be an avid academic contributor in another?
2241. Does a PhD from US carry \*more academic value\* as compared to one in India even if the research skill set developed is same?
2242. Can I say no when my principal investigator asks me to help cover lectures next semester?
2243. How can I get all my papers under the same Scopus profile?
2244. Asking Professor for teaching assistantship
2245. Exam design: give maximum score per question or not?
2246. Anonymous Student Feedback: Moving forward from abusive comments
2247. How to get work done on the weekends
2248. How do I ensure that a search committee won't contact my current colleagues (that are not references) to ask about me?
2249. Can I thank websites that host illegal book downloads in the acknowledgements section of my thesis?

2250. Is Academia really just a huge competition?
2251. Professor refusing to write recommendation letter to make student work longer
2252. Is it okay to expect advisors to offer a word of condolence?
2253. Why is the concept of self plagiarism in coursework not manifestly absurd?
2254. How long does it usually take to hear back for academic positions? Why haven't I heard back and when should I follow up?
2255. Responding to a reviewer who misunderstood key concepts of a paper
2256. Why do some professors not recommend any text books for a course?
2257. How to warn others about a conference-related scam?
2258. How long to wait before sending a follow-up email asking for a letter of recommendation?
2259. What precisely does "ISI-indexed publications" mean?
2260. Acknowledging a doctoral student as Dr
2261. Showing figures from a paper in presentation
2262. At what stage of research career one can write a 'review article'?
2263. How to handle the plagiarism on references?
2264. Should I notify the teacher that he accidentally gave out the answers to an assignment?
2265. How do you cite an internal report?
2266. Postdoc in China: what are the possible difficulties and disadvantages?
2267. Are German "Dr.med." and USA PhD equivalent?
2268. What is the difference between an academic department and program in US colleges/universities?
2269. What should I do as a teaching assistant when I find cheating behavior from actual grading?
2270. Academic Curriculum Vitae Template (possibly in LaTeX)
2271. How to address the german "Prof. Dr.-Ing. habil. X" in writing?
2272. What do I do if I cannot give a good reference to my PhD student?
2273. I have a strong suspicion and weak proof that the data in the paper are fake. What to do?
2274. Realised afterwards that I committed mild plagiarism in a paper I wrote as an undergraduate, what should I do?
2275. Is it OK to edit my undergraduate thesis results?

2276. What happens if a letter of recommendation contains incorrect info about me?

2277. How can I avoid overuse of words like "however" and "therefore" in academic writing?

2278. A student posted my lab materials as a "project" on Instructables, and hid its origin as a lab assignment. How should I address this?

2279. Who should be provided as an academic reference for job applications?

2280. Can my former PhD adviser force me to complete tasks after quitting his research group?

2281. What should I do the day before submitting my PhD thesis?

2282. Is it bad for professors/supervisors to have their PhD students drop out?

2283. How to put 14-year Ph.D. on C.V.?

2284. Philippine grade equivalent in the UK grading system

2285. What are effective ways to deal with burn-out while working full-time during a PhD program?

2286. Reject a paper based on relevant but pointless research direction

2287. What is the equivalent degree of a Diploma in Information Technology from India?

2288. I have been accused of plagiarism for similarities between my presentation and a website that I used as a source and cited. What should I do?

2289. Why don't researchers publish failed experiments?

2290. Weak student asking for reference for PhD place -UK

2291. Frustration with machine learning and deep learning research

2292. Backing out of a signed tenure track offer due to changing legislation that alters tenure and abolishes DEI

2293. Can I write "paper accepted without revisions" on a CV?

2294. Is it worth it to master LaTeX or MS Word?

2295. Is it normal to have a hard time comprehending academic papers?

2296. The more I improve the quality of my course, the worse the student evaluation becomes. Should I provide low quality lectures?

2297. Is it OK to have many graphs, tables, and images in a masters thesis?

2298. Is it ethical to use proprietary (closed-source) software for scientific computation?

2299. Is it considered cheating if I purchase an essay but then don't use it?

2300. Slides for a brief presentation at a PhD Interview

2301. What are the common mistakes PhD candidates make in their final defense session?

2302. Curriculum Vitae in application for PhD
2303. Fellow student seems to be chasing rainbows. Should I step in?
2304. How to write a brief research statement for a postdoc application?
2305. What is the difference between hypothesis, thesis statement and research goal?
2306. Our research is being ignored by other research groups
2307. What date should I use for graduation?
2308. Is it okay to scan a book (that I own) strictly for personal use?
2309. Popular software used in research is incorrectly reporting solution is optimal: what to do?
2310. Is it normal/ethical for student grades to be assigned according to quotas?
2311. How does an Erratum on one's own paper affect one's career as a researcher?
2312. Is it immoral to advise PhD students in non-industry-relevant topics in middle-lower ranked universities?
2313. Is there any good reason to write "it is easy to see"?
2314. How to become a journal editor?
2315. Is my doctorate good enough?
2316. What can I do with like-new, recent-edition textbooks that I'm not allowed to sell?
2317. When does one go for an invited paper?
2318. Appropriately thank a supervisor for giving you a chance when you actually failed?
2319. Can PhD students patent their work
2320. Is a professor required to provide homework solutions?
2321. Is there a standard of professionalism in academia requiring me to hide self-harm scars if I'm otherwise comfortable leaving them exposed?
2322. Can a professor fix a mistake in grading after the semester has ended?
2323. How to split two papers that Google Scholar incorrectly thinks are the same paper?
2324. The fate of an accepted paper not being presented
2325. What should I do about a tricky situation regarding a student who plagiarized twice?
2326. Writing a letter of recommendation for a faculty colleague I cannot highly recommend
2327. Why are the acceptance rates of Oxbridge and top US schools not comparable?

- 2328. Should I list GRE scores on my CV?
- 2329. Will a professor get annoyed with frequent requests for recommendation letters?
- 2330. Taking my Ph.D. advisor out for dinner after graduation
- 2331. Co-authors request that others do not use "he" as a pronoun - is this reasonable?
- 2332. How does the family background mentioned in the statement of purpose affect a PhD application for admission in U.S.?
- 2333. What should I do if my professor changes the question mid-exam?
- 2334. Advisor drops MSci student suddenly in final semester
- 2335. Should I let my former undergraduate advisor know that my PhD advisor was abusive?
- 2336. Is it appropriate to mention that authors refused to provide code samples when asked?
- 2337. Recommendation Letters for MS CS programs
- 2338. What is the purpose of getting good grades once in college?
- 2339. Stating surprise about another researcher in my talk
- 2340. What methods can be used in online exams to genuinely test the students' knowledge and capabilities?
- 2341. If Brexit is bad for British science, why hasn't the rankings of British universities worsened?
- 2342. What happens to a professor if too many students drops out of his or her class?
- 2343. Results that are too good to be true - peer review
- 2344. Figures in the introduction of a paper
- 2345. Transition from PhD to postdoc with an intent to change field
- 2346. How to handle one's own academic misconduct, long after it occurred?
- 2347. A potential PhD supervisor wants me to visit campus for an interview before I know if I'm accepted
- 2348. Decision time on a postdoc offer while applying for other positions
- 2349. Nature of pure mathematics research
- 2350. Dealing with professor's death on my thesis
- 2351. Interviewing for a lecturer position in the UK
- 2352. Why do so many papers state the obvious?
- 2353. Is it bad to apply for the same Master's degree program in consecutive years?
- 2354. Am I required to hand out private encryption key to head of institute?

2355. What should I do if my advisor is forcing me to vote on a specific candidate in IEEE elections?

2356. Is it fair for a professor to grade us on the possession of past papers?

2357. Is it advisable to have many clickable hyperlinks in an academic CV?

2358. PhD advisor lost funding, need advice

2359. How many papers should a PhD student in math try to publish before graduating?

2360. Google scholar change main version of paper?

2361. How do Professors feel about writing recommendation letter?

2362. Why should a P.I be motivated to write a strong LOR even if that means losing a undergraduate from his/her lab?

2363. Are there any telltale signs that an academic job interview went well (or badly)?

2364. What is minimum GPA for getting PhD in Germany?

2365. Will a paper be retracted if a flaw in released software code invalidates its central idea?

2366. Submitting TeX to ScholarOne

2367. Can a PhD student transfer to another graduate school after advancing to candidacy?

2368. How to deal with graduate school rejection and overall academic failure?

2369. Is it good practice to have hyperlinks in bibliographies?

2370. Is it unprofessional to add illustrations to a master's thesis?

2371. Is it ethical to give a final exam after the professor has quit before teaching the remaining chapters of the course?

2372. How to cite in text a citation translated by me

2373. Present journal paper at conference or the same work at multiple conferences

2374. Publons - is it a serious thing?

2375. How is a new academic journal born?

2376. Should I inform authorities of someone falsely claiming a non-existing PhD?

2377. Is it ok to show up to a conference without registering if I don't eat any meals?

2378. Is it appropriate to ask a professor to bump up a grade when I suspect it may be at the cutoff?

2379. What is the difference between project and thesis?

2380. Is it appropriate to email a professor with a simpler solution than the one she provided?

2381. Is it OK to have a significant drop in grades when moving from the Middle East to the EU?

2382. Is it still possible to get a decent job in academia (specifically physics) nowadays?

2383. Crackpot research paper in mathematics

2384. I caught several of my students plagiarizing. Could it be my fault as a teacher?

2385. Is it possible to ask two professors to write a joint letter of recommendation?

2386. As an undergrad, is it unethical to work in a field that I'm not interested in pursuing further in graduate school?

2387. Choosing a title to hold upon completion of a doctoral degree: "Dr." vs. "Ph.D."

2388. Copied Letter of Recommendation?

2389. Do universities check if the PDF of Letter of Recommendation has been edited?

2390. Emphasizing in paper: italic or bold?

2391. What should raise red flags to detect fabricated data

2392. Is it bizarre that a professor asks every student for a 3 inch by 5 inch photograph?

2393. What is the best way to cite NCBI data for my paper?

2394. Supervisor who accepted me for a research internship now says he doesn't know who I am

2395. How do I tell my advisor about mental health problems?

2396. Can a husband be a corresponding author in a wife's research publication during her Ph.D.?

2397. Student continuously makes insulting comments during my lecture - how do I handle him?

2398. My professor changed a take-home test to an in-class test with no notice. Can I fight the grade?

2399. What is the difference between TV-L E13 and TV-L E14 positions? Is it negotiable?

2400. To break or not to break with advisor at the end of a Ph.D.?

2401. How important is my Master's degree after obtaining a PhD?

2402. Can students finish much of their PhD thesis before applying to a PhD program?

2403. Famous professor refuses to cite my paper that was published before him in the same area

2404. How do I get an email alert when my paper is cited?

2405. Will doing a chargeback on tuition hurt my chances at getting into the same university for grad school?

2406. Are there tools to prevent students from cheating on a programming exam administered on computers?
2407. What is the appropriate response to students who peek at the exam questions before the exam starts?
2408. When is it acceptable to write a bad letter of recommendation?
2409. How do I answer questions about my long term goals in PhD interviews?
2410. My conference paper got rejected. Will it be bad for my PhD performance?
2411. How to prove that a paper published with a particular English transliteration of my Russian name is mine?
2412. How to email current students in graduate programs you're considering?
2413. Request an extension of revision deadline over the holidays
2414. Found out I might have unknowingly cheated after term completion
2415. Are unpaid postdoc positions common?
2416. Where to publish research if I do not want a peer review process?
2417. How should I ask a potential advisor why they haven't published in the last 3 years?
2418. Referencing figures or tables in discussion section?
2419. For how long is research considered valid for publication?
2420. It is ethical and common that a professor ask the student to write their own recommendation letter?
2421. Reference letter without permission
2422. What are some good writing tablets for taking notes that are heavy on math/physics?
2423. Is paying someone to fix LaTeX issues in one's thesis ethical?
2424. In what cases are you able to start a postdoc without a "conferred" PhD?
2425. Why do Russian and Israeli universities score low in various world rankings?
2426. Is this Stanford certificate real?
2427. Why do breakthroughs in science and research that have enormous (and obvious) potential often not (or barely) go beyond the lab?
2428. How to deal with a cynical class?
2429. Should I disclose my academic dishonesty on grad applications?
2430. What should be put in the final slide when preparing teaching presentations?
2431. Do two lesser degrees ever equal a higher degree?

2432. I got kicked out from graduate school in the past. How do I include this on my CV?
2433. How to write a CV for a PhD application
2434. How does someone who holds two doctoral degrees sign their name?
2435. How to proceed when the baseline (state-of-the-art) published results claim much better performance than I can reproduce?
2436. What is the PhD application process for Germany and Switzerland?
2437. What is the difference between a "research plan" and a "research proposal"?
2438. A published paper is a literal translation of my own unpublished work. What can I do?
2439. E-mail address to use in publications
2440. Color CV vs black and white CV
2441. Math Ph.D. does not know what to do with life?
2442. Is it ethical to publish homework?
2443. Is it "vita" or "vitae"? Why?
2444. Are results that are derived simply by using more computational power publishable?
2445. Is it possible to finish PhD quicker than formally possible?
2446. How to cite when true publication date differs from journal's claimed year?
2447. What can I do if I find errors in someone's thesis?
2448. Publishing figures: Serif or Sans-serif fonts?
2449. Co-authors decided to remove most of my contributions from a Nature paper without my consent
2450. Why can't universities work around the proposed reclassification of tuition remission as taxable income, by not charging tuition?
2451. How can I get the DOI of a paper from its title?
2452. Can I apply for PhD without recommendation from my masters advisor?
2453. What to do if a professor confused me with another student in a letter of reference?
2454. Free web hosting for academics
2455. Is it mandatory to have published papers while applying for PhD?
2456. How to refer to a source with typos in the title?
2457. Can good letter of recommendations offset bad GRE scores?
2458. Can you reject a postdoc offer after the PI has paid a large sum for flights/

accommodation for your visit?

2459. Should I tutor a student who I know has cheated on their homework?

2460. 10 minute presentation for a PhD interview

2461. Does any country have free college & open admissions?

2462. Salary of Marie Skłodowska-Curie Actions Fellowships

2463. How to get into a top mathematics PhD program?

2464. Is there anything I can do about a teacher who is rumored to be unreasonably severe and whose class I am about to take?

2465. At how many citations should I make my Google Scholar profile public?

2466. How to make sure that a conference is not a scam when you are invited as a speaker?

2467. Can I correct a typo in my published paper if it doesn't affect content?

2468. Persistent issues with salary pay as a postdoc in China: What can I do?

2469. Emailing a professor for points on an exam when you want a recommendation from the professor

2470. Effective way to deal with misuse of mobile devices in class

2471. How to parse "\$70,000/yr for 9 months' employment payable over 12 months"?

2472. I sent a Facebook friend request to my ex-professor, should I apologise?

2473. How are mathematicians paid to do research?

2474. Word limit for paper after addressing reviewer's comments

2475. When can a thesis get rejected or asked for a major revision?

2476. Is it appropriate for professors to use the f\*\*\* word during lectures?

2477. Can anyone with a PhD write a textbook?

2478. Having preferred and non-preferred reviewers in journal submissions

2479. My wife got some serious issues with her PhD advisor: how should I get involved in the situation?

2480. Academic Misconduct with alternate exam? Minimizing damage?

2481. Is it possible to submit a PhD thesis with two authors?

2482. PhD in a probably hopeless research project

2483. How should I cite presentation slides?

2484. Writing letter of recommendation for someone I have never met

2485. Is it normal to feel like I bought my way into graduate school after being rejected and then accepted when I was awarded an external fellowship?

2486. Sound reasons for excluding a reviewer
2487. How do I email other students in my online classes, to make friends, without appearing creepy?
2488. How do I politely decline student requests to meet during my "research time?"
2489. Should you thank helpful referees in the acknowledgements section of a paper?
2490. Should I ban electronic devices (smartphones, tablets and laptops) from a course?
2491. How to gain strength for an exam I have been studying for 2.5 years which is only 15 days away?
2492. If someone conducts unethical research unbeknownst to anybody, but produces positive results, what would happen to the research once discovered?
2493. How do professors choose their summer salary?
2494. Why are (galley) proof requests given such a short deadline?
2495. What license to use while putting papers on the Arxiv?
2496. Penalties for disclosing student grades without consent
2497. How can I avoid being "the negative one" when giving feedback on statistics?
